SENATORS STIFFEN UP LABOR BILL

HOPES LINGER ON TELEPHONE STRIKE FRONT

NO NEW PLAN, BUT WEEK END MAY BRING ONE

BY NORMAN WALKER

Washington, April 26 (AP)—Secretary of Labor Schwellenbach held shirt-sleeve conferences on the telephone strike today which produced a union expression of hope for a settlement but no new plan for one from any quarter.

"I am hopeful that between now and Monday we'll get an agreement," said Joseph A. Beirne, president of the National Federation of Telephone Workers, after one of these sessions. But he added that there is "nothing in sight at the moment" to bear out the hope.

With the coast-to-coast strike headed for its fourth week Monday, the labor secretary met separately at his office with Beirne and C. F. Craig, vice president in charge of personnel of the American Telephone and Telegraph Co.

Mediators Busy

These talks came as Schwellenbach's conciliators got 3 sets of negotiations between A. T. & T. affiliates and the striking unions going again in a new burst of federal mediation activity to get the 340,000 strikers back to work.

Beirne said Schwellenbach had no new settlement plan to offer and he merely reviewed the entire situation.

Action by the NFTW in reducing wage demands from a \$12 weekly raise to \$6 failed to bring any money offers from the companies. They are holding to their offer to arbitrate all principal issues regionally.

Beirne said he informed Schwellenbach about the reduced wage demand and "we told Mr. Schwellenbach again we thought the companies should make us a wage offer."

In Chicago, the Commercial Telephone Workers Union, NFTW affiliate, met rejection from the Illinois Bell Telephone Co. to an offer to go back to work for a one-cent an hour increase, with the remainder of the \$6 or 15-cent hourly demand to be arbitrated.

Beirne said he called this to the attention of the labor secretary, too, but that Schwellenbach had no comment.

The Illinois union, together with another, the Federation of Telephone Clerks of Illinois, had pulled their representatives off the NFTW policy committee here. An NFTW spokesman said:

"The two unions were led to understand by the Illinois Bell Co. that if they left the NFTW policy committee the company was ready to make a wage offer. Well, the two unions tried it and offered to settle for one cent an hour, but they met a rejection."

"The two unions went along just to see how far the company would go. It's perfectly clear now the companies don't intend to make any wage offer."

PLANTS GET CEMENT

Memphis, Tenn., April 26 (AP)—A concrete example of the pitfalls of gardening was offered today by Mrs. R. H. Rainey.

Her two young sons zealously spread a bag of fertilizer among their young plants.

Only it wasn't fertilizer. It was cement.

Nation Will Hear Report By Marshall

Washington, April 26 (AP)—Secretary of State Marshall flew home from Moscow today and took off almost immediately for a quiet Carolina resort to draft important reports to Congress and the nation on the foreign ministers' conference.

These reports are expected to bear heavily on relations with Russia, and with the attitudes made clear at the Moscow meeting, which ended largely in disagreement.

President Truman interrupted a river cruise to meet Marshall. "I am most happy to receive you back with us," Mr. Truman told his top cabinet officer at the airport. "I am very well pleased with what you have been doing. I know when you make the report to the country, the people will also be pleased."

The report will be broadcast from 8:30 to 9 pm (Eastern Standard Time) Monday night, 24 hours after a private report to the president and congressmen at the White House tomorrow night.

No Leak In Details

After a round of handshaking with Marshall and members of the delegation who returned with him, Mr. Truman resumed a Potomac river cruise aboard his yacht, the Williamsburg.

Marshall conferred at the state department for 20 minutes with Undersecretary Dean Acheson and then flew off to Pinehurst, N. C., for reunion with Mrs. Marshall.

Thus Marshall's account of his interview with Premier Stalin and his estimate of the results of the seven-week conference of foreign ministers will be given to the congressmen at the same time the president himself hears it.

By this unusual procedure Mr. Truman apparently seeks to bolster the bipartisan foreign policy. He has called in Republicans with Democrats before for policy discussions, but not before going over the ground with his advisers himself beforehand.

Marshall has been close-mouthed about his meeting with Stalin

about the reduced wage demand and "we told Mr. Schwellenbach again we thought the companies should make us a wage offer."

In Chicago, the Commercial Telephone Workers Union, NFTW affiliate, met rejection from the Illinois Bell Telephone Co. to an offer to go back to work for a one-cent an hour increase, with the remainder of the \$6 or 15-cent hourly demand to be arbitrated.

Beirne said he called this to the attention of the labor secretary, too, but that Schwellenbach had no comment.

The Illinois union, together with another, the Federation of Telephone Clerks of Illinois, had pulled their representatives off the NFTW policy committee here. An NFTW spokesman said:

"The two unions were led to understand by the Illinois Bell Co. that if they left the NFTW policy committee the company was ready to make a wage offer. Well, the two unions tried it and offered to settle for one cent an hour, but they met a rejection."

"The two unions went along just to see how far the company would go. It's perfectly clear now the companies don't intend to make any wage offer."

BOATS OF D&C OPERATE AGAIN

Palestine Officer Shot Down; Plans Drawn To Combat Terrorism

BY W. E. CURTIS

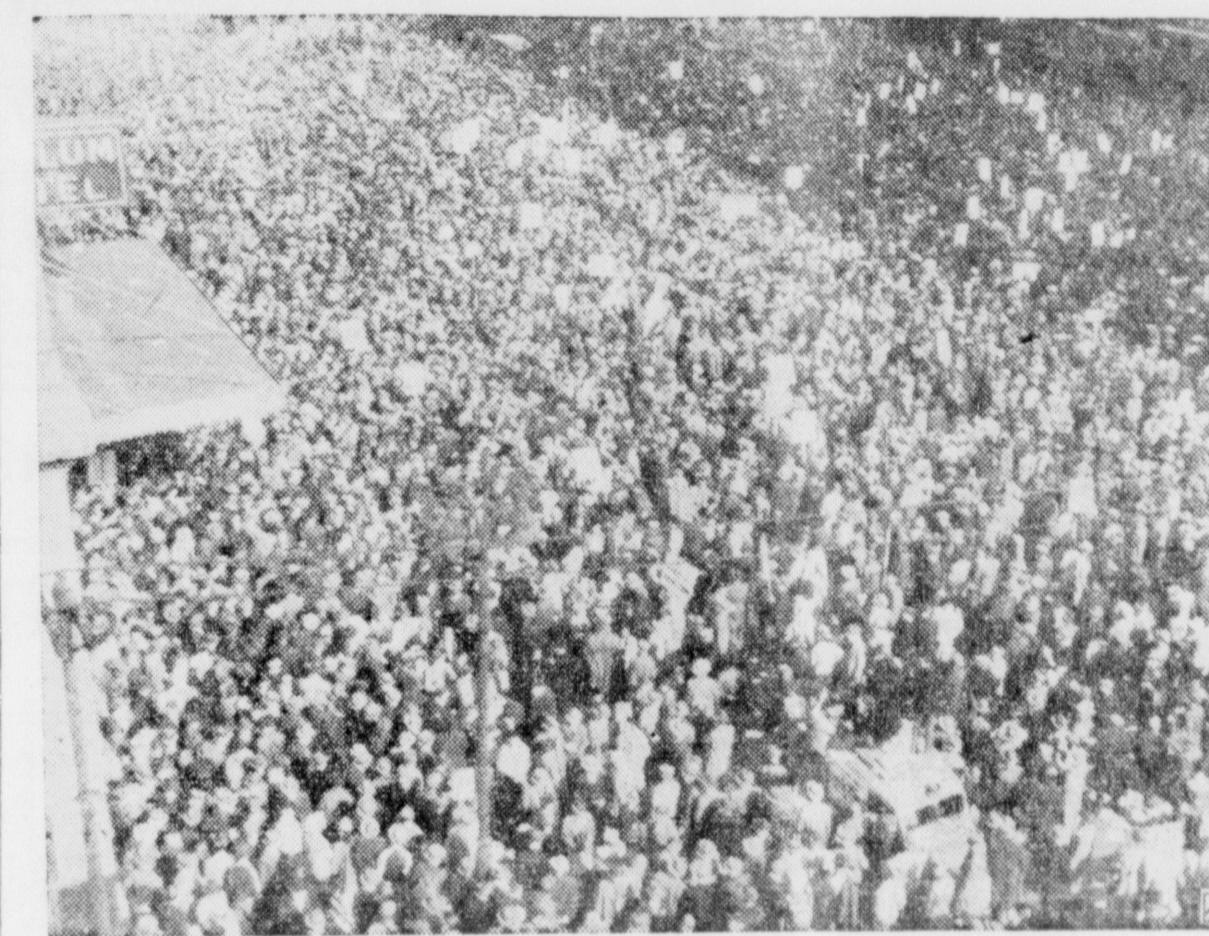

Jerusalem, April 26 (AP)—Two young Jews who fired from a passing taxi cut down a senior Palestine police officer today as he stepped from his automobile in Haifa, bringing to 14 the death toll in a week of vengeful warfare against the British by the Jewish underground.

She was the widow of Edward Beale McLean, heir to the Washington Post and the Cincinnati Enquirer, and the daughter of Thomas Walsh who founded a huge fortune on the free milling gold of the Camp Bird mine in Colorado.

Surviving are two sons, John

who lives in Texas, and Edward, Jr., who makes headquarters in Colorado Springs, Colo., to manage his mother's mining interests.

Another survivor is Mamie Spears Reynolds, 4, daughter of former Senator Robert R. Reynolds and the late Mrs. Evelyn McLean Reynolds. The mother, daughter of Mrs. McLean, died last Sept. 20. From an overdose of sleeping medicine.

held a demonstration to protest labor legislation pending in Congress. (AP Wirephoto)

CAPITAL SOCIAL LEADER IS DEAD

Illness Fatal To Owner Of Hope Diamond, Evelyn McLean

Washington, April 26 (AP)—Mrs. Evelyn Walsh McLean, 60, Washington social leader for many years and owner of the famous "Hope" diamond, died tonight.

She had been ill for several

days with pneumonia. Death occurred at 6:15 p. m. (EST). At the family home in Georgetown.

She was the widow of Edward Beale McLean, heir to the Washington Post and the Cincinnati Enquirer, and the daughter of Thomas Walsh who founded a huge fortune on the free milling gold of the Camp Bird mine in Colorado.

Surviving are two sons, John

who lives in Texas, and Edward, Jr., who makes headquarters in Colorado Springs, Colo., to manage his mother's mining interests.

Another survivor is Mamie Spears Reynolds, 4, daughter of former Senator Robert R. Reynolds and the late Mrs. Evelyn McLean Reynolds. The mother, daughter of Mrs. McLean, died last Sept. 20. From an overdose of sleeping medicine.

PALESTINE PROBLEM TO BRING SHOWDOWN IN U. N. ASSEMBLY

BY LARRY HAUCK

New York, April 26 (AP)—Britain and the other big powers may be forced to show their hands on the Palestine issue in the special session of the United Nations Assembly opening Monday.

Reports from small nations indicated that the Arab league might get some support in its efforts to pin down the British on the explosive issue, either through drawing out the British in debate or inducing a commitment that London would accept the recommendations of a proposed inquiry commission.

Britain and the United States were ready to resist any efforts to throw open the debate with the argument that the agenda called only for discussions of a commission. However, there appeared to be little doubt that some delegations would move to the very bottom of the question and fire a series of embarrassing questions.

A. E. Conquest, head of the Haifa criminal investigation department, was shot twice in the abdomen by his assailants, whose taxi crashed into a traffic island as it sped from the scene. The two men leaped out and escaped on foot. A dragnet was spread out over the area immediately by police and military authorities.

Conquest, a veteran of 18 years service on the police force in the seaport of Haifa, succumbed to his wounds in a few hours.

The Jewish agency's plan for combating terrorists was expected to be offered to the Palestine government Monday. The British had criticized the agency previously for unwillingness to take steps to curb terrorism. Agency officials have declined on the ground that they could not turn informer against fellow Jews.

UPPER MICHIGAN: Partly cloudy with occasional showers near Lake Superior and warmer today. West to northwest winds 25 MPH. Monday partly cloudy and continued mild with westerly winds and gusty and continued warm.

LOWER MICHIGAN: Fair south and partly cloudy north and warmer today. Southwest winds 25 MPH Sunday afternoon. Monday partly cloudy and continued warm with southerly winds.

Girl's Nose Sliced Off In Car Replaced By Plastic Surgery

Charlevoix, Mich., April 26 (AP)—A psychiatrist testified today that he believed William L. Tryon, former Boyne City labor leader, was insane at the time of the shotgun slaying of his wife, Opal, December 2.

A buzz of excitement arose from the crowded courtroom as Dr. Philip Sheets, psychiatrist and head of the Traverse City state hospital, declared when asked his opinion as to the sanity or insanity of Tryon at the time of the shooting.

The girl's nose was not replaced for four hours after the accident, and was found only after a frantic search by sheriff's deputies.

"It is my opinion that he was insane at the time," Tryon has pleaded temporary insanity.

The contract settlement provides for minimum rates from \$1.36 to \$2.12 an hour and contains provisions for overtime, vacations and a union-company sponsored social security plan, according to Adams.

Juicy Customs Plums Doomed To Be Slashed

BY EDWIN B. HAAKINSON

Washington, April 26 (AP)—Senator Aiken (R-Vt.) today classed 56 well-paying jobs in the customs bureau as political plums and announced plans to knock them off in an economy shakeup.

Aiken is chairman of the new Senate expenditures committee which already has recommended that the bureau be "thoroughly overhauled and reorganized" in order to operate during the next fiscal year within a \$3,500,000 slash in its operating funds.

The political plums, Aiken told a reporter, are posts of collectors of customs and "other political appointees" who are costing the government more than \$400,000 a year.

"The expenditures committee is going to examine into these political jobs at length," Aiken said. "We may recommend that they be abolished."

Appointees 80 Years Old

Aiken reported the committee staff already has found that two of the "political appointees" are "at least 80 years of age and physically unqualified for the work" while another recently replaced, "was a practicing physician who visited the customs office about once every two weeks—presumably on pay days."

The study showed salaries of the custom collectors, comptroller and other political appointees range from a top of \$12,000 a year down to \$7,000.

Aiken said there is a valid defense of political appointees in certain government positions because of complaints that "some civil service workers are rather narrow and get arbitrary because they are so sure of their jobs."

The political patronage complaint turned up during a sharp criticism of the customs bureau for firing 1,579 port and border patrol officers after the House reduced its operating funds for the fiscal year that begins July 1.

Bargaining between the UAW-CIO and Ford, where 100,000 to 120,000 workers will be affected, is expected to start at an early date.

President Walter P. Reuther of the UAW hailed the Chrysler agreement by saying it "proves free collective bargaining can be made to work."

Reuther said the agreement should demonstrate to Congress that "voluntary negotiations between free labor and free management are the answer to the problem of minimizing or eliminating industrial strife."

Such practice, Reuther said, is the answer to the problem rather than "repressive, punitive legislation."

Chrysler estimated its pay boost would total about \$27,000,000 annually. The General Motors increase was estimated unofficially at from \$65,000,000 to \$85,000,000 for 220,000 workers.

The Chrysler raise will extend through all the corporation's divisions, including Plymouth, Dodge, DeSoto as well as Chrysler.

Already in the fold were U. S. Steel, the Weirton (W. Va.) Steel Co., Bethlehem Steel Corp., and Youngstown Sheet and Tube Co.

In addition, three smaller steel fabricating companies and employees reached agreement. All told, the pact will cover nearly 270,000 workers.

The Rev. C. E. Prettyman, superintendent, announced that "we oppose the Tripp bill, because it will remove controls over the liquor traffic, weaken enforcement, lead to increase liquor sales and offer opportunities for corruption."

Prettyman, pointing out that the foundation executive committee opposed "the state being in the liquor business at all," indicated the organization had stronger objections to relaxed controls as proposed in the bill.

Previously silent on the question, the organization today instructed Prettyman and Dr. D. Stanley Coors, pastor of the Central Methodist church here and president of the Temperance Foundation, to oppose the bill at a public hearing Wednesday before the House liquor control committee.

The statement said that as a result of a parliamentary appropriation of 2,000,000 crowns (\$550,000) for research, Sweden now was able to produce limited amounts of uranium from materials here and that mass production could get underway in the near future.

"The bill would abolish the liquor enforcement agency in Michigan and leave this duty to the state police," said Prettyman.

4,301 RECEIVE CHEST X-RAYS

More Examinations For TB To Be Given Here And At Wells

The state health department's mobile X-ray unit has been kept busy during the 16 days it has been operated in Delta county, and has given chest examinations to 4,301 persons in that period, it was announced yesterday. Of the total, 1,547 were done in Escanaba during the four days of operation here.

Friday at the Junior High school in Escanaba 478 persons were X-rayed, compared with the previous daily average of 337 per day.

It was reported that a large number of adults in Escanaba are turning out for the free chest examination. The X-ray unit will be in Escanaba for seven days, and in Wells for two days, before completing its schedule. Adults will have the opportunity of receiving examinations before the schedule is completed May 6.

On Monday the unit will be at the Junior High school and it was announced that day had been set aside primarily for students and members of the city's service clubs. The attention of other adults is directed to the following schedule:

Tuesday—Escanaba, St. Joseph high school, 9 a. m. to noon, and 1 to 5 p. m.

Wednesday—Wells, Wells Cash store, 10 a. m. to 1 p. m., and 2 to 7 p. m.

Thursday—Wells, Wells Cash store, 9 a. m. to noon.

Thursday—Escanaba, Birdseye Veneer plant, 2 p. m. to 7 p. m.

Friday—Escanaba, Delft theater, 2 to 5:30 p. m., and from 6:30 to 9:30 p. m.

Saturday—Escanaba, Delft theater, 2 to 5:30 p. m., and 6:30 to 9:30 p. m.

On Monday and Tuesday, May 5 and 6, the X-ray unit will be at the Red Cross headquarters office, 600 block, Ludington street, from 9 a. m. to noon, and 1 to 5 p. m. each day.

Health department personnel will be assisted by local volunteers during the period the X-ray unit is in Escanaba and Wells, as have volunteers in other communities since the unit has been on tour in the county. The volunteers for the coming week are as follows:

Monday—Mrs. Kryn Bloom and Mrs. Joseph Cota; Tuesday—Mrs. E. J. Noon and Mrs. William Henderson.

Wednesday and Thursday at Wells—Mrs. William Casey, Mrs. Nels Dishno, Mrs. Fred Mattson and Mrs. Vernon White.

Thursday afternoon in Escanaba—Mrs. James Degnan, Mrs. William Shepeck and Mrs. Charles Follo.

Friday—Mrs. Earl Brown, Mrs. H. J. Huckenpahler, Mrs. John J. Mitchell and Mrs. Merritt Kason.

Saturday—Mrs. William Puckelwartz, Mrs. Hal Gerletti, Mrs. Ed Harkins and Mrs. A. M. Gilbert.

USES LOTS OF WOOD
With only about 8 per cent of the world's population within its boundaries, North America uses 50 per cent of the wood consumed in the world annually.

Willard King Now At Northwestern U.

G. Willard King, formerly traveling representative for the Detroit, Mich., Times, recently was appointed secretary of the Northwestern University Century Fund, an alumni fund to support the work of the university through annual giving.

Mr. King was graduated in 1937 from the Medill School of Journalism at Northwestern. At one time he was state editor of the Decatur, Ill., Herald-Review, and also served as army-navy editor for the American Aviation Associates, a Washington, D. C., publishing firm. Mr. King resided in Escanaba several years ago while he was representing the Detroit Times in the Upper Peninsula.

C&NW Streamliner Will Run Daily To West Coast

The first daily streamliner service between Chicago and Los Angeles will be inaugurated on May 14 when the luxury streamliner "City of Los Angeles" will start making daily departures from Chicago and Los Angeles, it was revealed in a joint announcement by the Chicago and North Western-Union Pacific railroads.

The new daily service is the latest addition to the daily "City" trains operated by the two railroads between Chicago and Denver, and Chicago and Portland.

The new schedule, with departures both east and west every day of the week including Sunday, will provide the fastest daily service between the East and Southern California—39 3/4 hours or 7 1/4 hours faster than any train now in daily operation.

SMELT HARVEST RUNS INTO TONS

Big Catches Made Near Cedar River, Fish Moving North

The Delta county road commission in regular meeting yesterday was informed that a hearing is being scheduled as a part of the proposal to install flasher traffic signals at the North Western railway and county road intersections at Rock and Bark River.

Other business before the commission included a report from Superintendant Engineer J. T. Sharpenstein that delivery was expected soon on a power plant for the county's new gravel crusher.

The commission voted to include 10.7 miles of new McNitt road into the county system. The additional mileage is the old Camp Cooks road in Hiawatha National Forest from Johnson creek guard station east three miles to Round lake, thence south to US-2.

Following a precedent established about two years ago in a similar case, the commission voted to reimburse Bernhard Mattson of Stonington for the loss of his horse, which died after being injured when the animal stepped into a culvert on a county road.

The commission purchased another horse to repay Mattson's

assault and battery.

Harold Bergeson, 221 North Ninth street, pleaded guilty in justice court to a charge of assault and battery upon complaint of his wife.

"Rented the first day" said Smith

Briefly Told

Trades and Labor Council—The Knights Templar Meeting—Escanaba Trades and Labor Council will hold a regular meeting Monday night at 8 o'clock at the Carpenters' hall.

Kiwanis Club—The Kiwanis club will be held at the Sherman hotel Monday noon.

Minstrel At Powers—The Bark River Lions club minstrel went to Powers Friday night and put on a show at the sanatorium.

Rotary Program—The Escanaba Rotary club will meet Monday noon at the Delta hotel in regular session.

Observers said that apparently the peak of the smelt run was moving northward, and predicted that hauls would continue to get bigger in the Ford river, Escanaba river, Days and Tacocoo regions as the spawning fish follow their seasonal trend up the shore line.

Friday night fish were piled up by the ton on the Green Bay shore to the south, and were hauled away by the truckload.

Assault and Battery—Harold Bergeson, 221 North Ninth street,

pleaded guilty in justice court to a charge of assault and battery upon complaint of his wife.

"Rented the first day" said Smith

fine was suspended by the court and Bergeson paid court costs. He was placed on probation for six months.

Knights Templar Meeting—Escanaba Commandery No. 47, Knights Templar, will meet Thursday, May 1, when new committees for the year will be announced. The Ladies Auxiliary will also meet and following the meetings a fish fry lunch will be served. Entertainment will be presented by a committee headed by John Willis Anthony. There

will be work in the Red Cross degree on Saturday, May 3, starting at 4 p. m., with the newly elected officers in charge.

Secretary Wanted—Odd Qualification

Obituary

MRS. ABRAHAM HOULE
Funeral services for Mrs. Abraham Houle, who died Friday morning at Bellin Memorial hospital in Green Bay, will be held at 9 o'clock Monday morning at St. Patrick's church, with Rev. Fr. Martin B. Melican officiating. Burial will be made in St. Joseph's cemetery. The body is remaining in state at the Allo funeral home until the hour of the service.

AUGUST J. CHOUINARD
Final rites for August J. Chouinard were held at St. Ann's church Saturday morning at 9 o'clock, with Rev. Fr. Clement LePine, celebrant of the requiem high mass. Burial was in Flat Rock cemetery.

The senior choir sang the music of the mass. At the offertory "Domine Jesu Christe" was sung by Herbert Smith and at the close of the service, Mrs. Fred Beaudry sang "Pie Jesu."

Honorary pallbearers of the Knights of Columbus, were Ed St. Antoine, Ralph Olsen, Peter Gardner, Joseph Chouinard, Eugene Makoski and Regis LaFleur. The active pallbearers, nephews of Mr. Chouinard, were Henry Gagnon, Hector Germain, Herman Fillion, Raymond Ethier, Clifford Chouinard and Henry Chouinard.

Those from out-of-town at the funeral were Leonard Chouinard of Lansing; Mr. and Mrs. Michael Hein, Milwaukee; Mr. and Mrs. Francis Smith, Flat Rock; Mrs. Warren Rowley and son and daughter, and Mrs. Louis Belanger and son, of Detroit; Mr. and Mrs. Henry Chaput, Mr. and Mrs. Leo Chaput, Mr. and Mrs. Alfred Zakrajewski, Mr. and Mrs. LeRoy Mucha, Francis, Edward and Leona Chaput and Dorothy Ethier, Milwaukee; Arthur Chaput, Munising; and Mr. and Mrs.

Dry skim milk is an inexpensive source of milk protein, calcium and riboflavin. It contains all the food values of whole milk except butterfat.

E. Gagnon and Mrs. Margaret Tatrow, Garden.

Schools Schedule Forest Plantings

JOHN C. JOHNSON

The body of John C. Johnson, retired logger and jobber, who died Friday, is in state at the Anderson funeral home. Services will be held Monday afternoon at 1 o'clock at the funeral home chapel. Rev. Birger Swenson of Calvary Baptist church officiating, and burial will be made in Lakeview cemetery.

Planting will be made Monday morning in the school forest at Stephenson, and in the afternoon at Daggett. On Tuesday morning additional trees will be planted in the Carney school plat, and in the afternoon in the school forest at Harris.

The schedule is tentative, and will depend upon the weather, Engman added.

Mrs. L. W. Stade of 1217 Dakota avenue, Gladstone, has been dismissed from St. Francis hospital where she has been a medical patient for the past two weeks.

Stanley Jacques of Garden left yesterday for Dearborn to be admitted to Veterans Hospital for medical treatment on a throat disturbance.

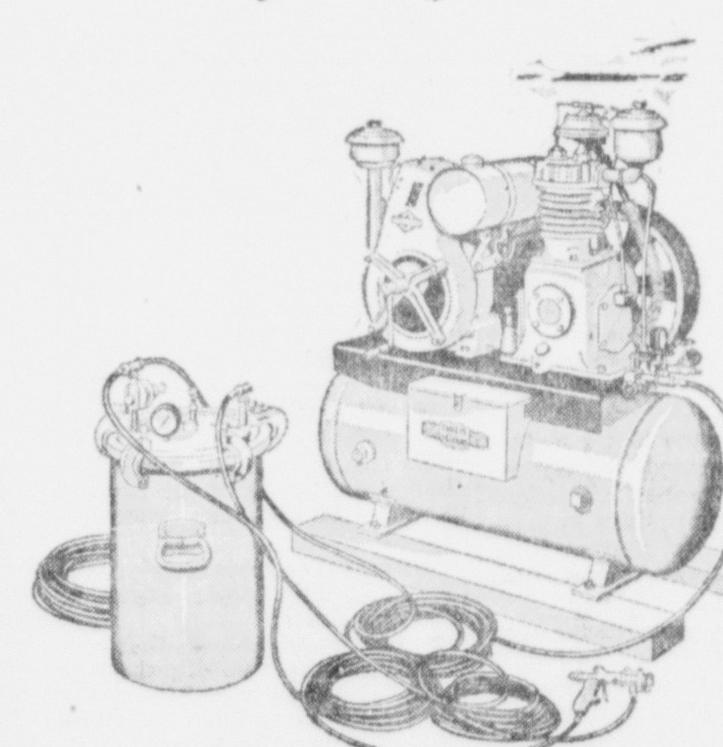

Emil Myrvall of Wilson is a patient in St. Francis hospital.

George Fournier of Wilson has been dismissed from St. Francis hospital Thursday.

Band Festival Is Gay Occasion For Students

"There are more barber shops in Escanaba than in any other town I've been in," was the reaction of one music student from the Upper Peninsula here yesterday for the festival.

Wherever one went high school students of Upper Michigan paraded in military fashion up and down Ludington and in and out of shops. Dressed in their diverse uniforms, band members lent a bustling atmosphere to Escanaba. One little youngster playing on the sidewalk saw a little fellow pass by and running to her mother said "Look at the purple man."

Students from larger schools who barely knew one another found themselves glad to see other uniforms of their kind in the strange city. One excited young lady upon seeing a fellow member said, "I don't know your name, but is our bus still at the school? I seem to have left my seat in it."

And amid huge balloons of every color and soap bubbles floating in the rain-streaked air Escanabans became conscious of

how other people were affected by their fair city and extended courtesies.

In various church parishes in the city men and women alike dug out their favorite chef's cap and apron and concocted foods for the youths. The way the students played and rehearsed brought some marvelous appetites to the foreground but no gourmet could have complained.

Garden Party

Garden, Mich.—Mrs. Robert Lester, Sr. entertained several relatives and friends at a miscellaneous shower party Wednesday night to honor her daughter-in-law, Mrs. John Lester. Cards were played and prizes won by Mrs. Alpha Thibault, high score and Mrs. Alfred LaVallee, low. The door prize went to Mrs. Ossie Hazen. Delicious lunch was served after which the honor guest was opened and acknowledged the many gifts presented to her.

Guild Meeting

Mrs. Fred Olmsted of Van's Harbor entertained members of the Guild Wednesday afternoon in the mist for supper and an inkling as to how Mr. Moore adjudged their band. Last minute musical notes found their way into conversation. When the students weren't humming popular songs heard on record players they discussed the manner in which each teacher conducted the massed band.

With the final sounding of the last note in "Trojan Prince," a big day for some 600 students was over. Hurried good-byes and best wishes ended in a scramble for busses and a seat by the one "best friend" for a long talk about the festival.

Korvelia Is Given Prison Sentence

Earl Korvelia of Rock, who pleaded guilty in the Dickinson county circuit court to an auto theft charge, was sentenced by Judge Frank A. Bell Friday to serve from one to five years in prison. It was Korvelia's third offense.

In sentencing Korvelia, Judge Bell referred to past charges of car theft against him. He was first arrested for the theft of a truck owned by the Best Creamery company, which he abandoned after wrecking it. He appeared, following his arrest, before Judge Bell, who suspended sentence on Korvelia's promise to return to the army. He was arrested a second time in Menominee county and turned over to military police.

Mrs. Kronzstowski Of Powers Is Dead

Mrs. Mary Kronzstowski, 59, died at 1:30 o'clock Saturday morning at the Joseph Barber home in Powers, where she had been living for the past ten years. She had been in poor health for a year.

Mrs. Kronzstowski was born in Poland September 17, 1887, and came to the United States in 1910. She lived in Pennsylvania, and in Milwaukee before coming to Powers fifteen years ago. There are no known relatives in this country.

The body was taken to the Boyle funeral home at Bark River, where it is in state. Funeral services will be held at 8:30 a.m. Monday at the Boyle funeral home and at 9 a.m. at St. Farnecis Xavier church in Spalding. Burial will be made in the Spalding cemetery.

EGYPT TO HAVE POWER PROJECT

Assouan Dam On Nile River To Provide Much Electricity

Cairo, Egypt, (SS)—Upper Egypt is promised plenty of electric power from the Assouan dam on the Nile. Funds for the electrification of the giant dam have now been authorized, it is revealed. Development of some 270,000 horsepower is expected.

One important use planned for the electricity is the fixation of nitrogen, to supply Egypt with badly needed fertilizer. The power will also be used to develop the iron and other mining industries, as well as for lighting cities, pumping irrigation water and operating railways.

Assouan dam, completed in 1933, is located at the first cataract of the Nile, 750 miles south of the Mediterranean. Its electrification is a war-delayed project. An official study of its possibilities was begun in 1939. It provides an 85-foot head of water, and is said to store over 5,000,000,000 tons of water. Its reservoir backs up the water 180 miles, to near the second cataract of the Nile.

Construction of the earliest Assouan dam was completed in 1902.

This original has been heightened twice to make the present structure. Its construction was strongly opposed by archeologists, because the reservoir when filled covers all but the highest portions of the Temple of Philae. The temple, strengthened before the building of the dam was started, is now partially disclosed at low water.

Cornell

Cornell, Mich.—The Cornell Hall Extension club met in the Cornell hall Tuesday evening for a lesson in color harmony. Plans were also made for achievement day which is to take place on May 14. Election of officers was held and those elected were: chairman, Mrs. Morton Schire; vice chairman, Mrs. Wallace Campbell; secretary and treasurer, Mrs. Walter Harrison; project leaders, Mrs. Harold Woodard and Mrs. P. K. Bowers; and recreational leader, Mrs. Oral Thompson. A lunch was served after the business session.

Cornell PTA Club
The Cornell PTA club will serve dinner for the Lions club on Charter Night, May 6. Mrs. Loren Barron is chairman of the afternoon committee and Mrs. Harry Corbsier is chairman of the evening committee.

Personal
Anna Harrod and her mother, Mrs. Bengta Nelson, of Escanaba were visitors at the George McFadden home on Wednesday.

Jackson Praises Judge Frank Bell

Marquette—Declaring that judges are known among law officers by the length of the minimum prison sentences they impose, Circuit Judge-elect Glenn W. Jackson last week said he would depend on prosecutors and law enforcement officials for advice and guidance in shaping his policy as judge of the 25th judicial circuit.

Making his first public appearance in Marquette since defeating Ray Derham, Iron Mountain, the judge earlier this month, Jackson spoke at a dinner meeting of the Upper Peninsula Association of Law Enforcement Officers in St. Peter's Cathedral hall.

He was introduced by John D. Voelker, Marquette county prosecutor, after City Manager James R. Pollock had welcomed the judge-elect and members of the association.

Bell 'Common Sense' Judge

"Some judges like to be severe on law offenders brought before them handing out sentences of seven or fifteen years for an offense for which Judge (Frank A.) Bell might give one to fifteen year sentences," Jackson said.

H. W. Schallert, district executive of the Iron Range district, and Orvis Beauchamp, Cubmaster of Pack 526, will attend to assist in demonstrations and discussion.

Communication

(EDITOR'S NOTE—Limit communications to 300 words. Letters must bear signature and address. Name must be published.)

Escanaba, Michigan.

Dear Sir:

The best thing about your paper is the comics which I and the rest of my family follow religiously. So let's have them every day, particularly Blondy and Dagwood. Three days this week we missed them.

A Critic.

Scout Cubbers To Meet Here Tuesday

A special meeting of all Cubbers in the Red Buck district will be held at 7:30 p. m. Tuesday in the council chambers at Escanaba city hall. It was announced yesterday by R. L. Thompson, Marquette, Hiawathaland Council executive.

receive from prosecutors and officers involved in each case."

Sault Wants Locks Opened To Public

Washington.—A War Department decision is due late this week on Mayor Mike Hunt's plea for relaxation of tourist restrictions on the Sault locks.

Hunt was in Washington last week end to call on Lt. Gen. Raymond A. Wheeler, chief of Army Engineers, and Brig. Gen. R. C. Crawford, also of the Engineers. As a result of this conference, Crawford flew to Detroit Thursday to discuss Hunt's request with the Army's district engineer there, Col. Albert Riani. Crawford said he would make his decision this week after seeing what he and Riani could "work out."

Crawford explained that visitors to the locks now are permitted to enter observation platforms built on two engine houses from which they can watch craft going through the locks. In addition, he said, they are taken on conducted tours of the locks. He said that Hunt, who feels the restrictions cut down on tourist trade, wants visitors to go out on the locks, protected but unguided.

ARBITRATION

1. WHAT DOES ARBITRATION MEAN?

Simply expressed, arbitration means that two parties in dispute present their case to an impartial third party to decide. The arbitrators act as judges or umpires, consider the facts, and render a decision.

2. WHAT KIND OF ARBITRATION DOES MICHIGAN BELL OFFER?

Michigan Bell offers to place the wage dispute before an impartial board of representative Michigan citizens to decide, with both the company and the unions to abide by their decision.

3. WHY DOES MICHIGAN BELL OFFER THIS KIND OF ARBITRATION?

Wages are the big issue in the telephone strike.

Michigan Bell believes its wages are good... that they compare favorably with others in the community for work requiring similar skill.

The unions say they aren't good and want a lot more.

Settlement of this dispute must be reached in a way that is fair and reasonable to telephone employees, who do the work, and to telephone customers, who pay the bills for Michigan Bell service.

Negotiation is the **BEST** way to settle the wage issue, but since negotiations have been unsuccessful, arbitration is the **NEXT BEST** way. It is a **FAIR AND REASONABLE** way, particularly for a public service organization upon which the public is solely dependent for telephone service.

Michigan Bell is a Michigan company, operating within the state.

Its customers are Michigan people.

99% of all the calls it handles are local or within the state.

Michigan citizens would be in the best position to decide this dispute.

They would be able to determine whether Michigan Bell wages are fair to both employees and the public.

They would be able to determine to what extent recent wage settlements in other industries have a bearing, if any, on telephone wages in Michigan communities.

Michigan people will have to live with the decisions that are reached.

They are the ones who pay the bills for Michigan Bell service.

They should have something to say about this dispute.

Acceptance of arbitration by the unions could end the strike now.

It would get employees, who already have lost more than \$2,000,000 in wages back on the payroll.

It would restore normal telephone service to the public.

WE AGAIN REPEAT OUR OFFER TO ARBITRATE THE TELEPHONE WAGE DISPUTE.

PLEASE MAKE CALLS REQUIRING AN OPERATOR ONLY
IN EMERGENCIES DURING THE TELEPHONE STRIKE.

**Script Pokes Fun
At Network; Radio
Jokers Cut Off**

Hollywood—(AP)—Two top flight radio comedians, Bob Hope and Red Skelton, were momentarily cut off the air by NBC Tuesday night when they attempted to comment on the case of Fred Allen, silenced briefly Sunday night when his script poked fun at the network.

Hope was off the air for several seconds. Listeners said he referred to Las Vegas, Nev., noted for its wide open gambling as "the only place where you can get taned and faded at the same time," and then remarked, "of course, Fred Allen—"

It was here that his program was interrupted.

Listeners said Skelton was shut off when he remarked something to the effect that "maybe we'll say something to offend NBC." He was off about 10 seconds.

A spokesman for NBC said the comedians were cut off because "part of their scripts were objectionable to the network." He declined to release the scripts to newsmen and neither Hope nor Skelton, who left their studios immediately after the broadcasts, could be located for comment.

Allen was cut off the air Sunday night after referring to NBC's "vice-president in charge of program ends who noted the time saved when programs ran overtime," as Allen's did the preceding Sunday.

In the part which was deleted from the air, Allen opined that the vice-president, when he had saved up enough seconds, minutes and hours to make two weeks, took a vacation.

**Ignorance Smashes
Nine Points Of Law**

Chicago, (AP)—The shakedown cruise of newly purchased jeep ended in a collision with two taxicabs on Michigan Avenue. Two policemen drew alongside and started to draft a charge of driving without a license. The jeep owner protested: "You don't have to have a license to drive until you learn how to drive."

Many steam locomotives carry more than a mile of boiler tubing.

Republicans Apportion 1,093 Delegate Seats For 1948 Convention

By HAROLD OLIVER

Washington, April 26—(AP)—The 1948 Republican National convention tentatively will have a delegate membership of 1,093, a gain of 36 over 1944 due to party gains in the 1946 congressional elections.

This preliminary apportionment by the Republican National Committee will not be made final until the call for the convention goes out late this year and state organizations have had an opportunity to check it.

A place and date for the convention will be determined by the National Committee at a two-day meeting starting in Kansas City, Mo., Monday. Chicago and Philadelphia are competing for the honor of acting as host city.

If the 1,093 figure is adopted, a majority of 547 will be required to nominate candidates for president and vice president.

Twenty states show a total gain of 51 delegates in the new apportionment. Five states lose a total of 15 delegates. Delegations of 23 states remain unchanged.

New York's delegation of 97 shows the biggest gain over 1944—four votes.

California, Connecticut, Kentucky, Missouri, Montana, Nevada, Ohio, Pennsylvania, Tennessee, Utah, Washington and Wisconsin pick up three delegates each.

SHINER REFRIGERATION SERVICE

428 S. 9th St.

Escanaba—Phone 1112

1946; and an additional district delegate if the vote was 10,000 or more.

Here is the National Committee's tentative apportionment for midwest states:

State or Territory	At Dist.	Tot. Tot.
Illinois	6	50 56 59
Indiana	7	22 29 29
Iowa	7	16 23 23
Kentucky	7	18 25 22
Michigan	7	34 41 41
Minnesota	7	18 25 25
Missouri	7	26 33 30
Nebraska	7	8 15 15
Ohio	9	44 53 50
Wisconsin	7	20 27 24

Two seats additional will go to Arkansas, Mississippi, South Carolina and Virginia, while single delegate gains are shown by Florida, Georgia and North Carolina.

Losing three seats each will be Illinois, New Hampshire, Oklahoma, Oregon and West Virginia.

After New York, the largest delegations will come from Pennsylvania, with 73; Illinois 56, California and Ohio 53 each, and Michigan 41. South Carolina will have the smallest representation, with six.

Delegates are apportioned on the basis of the last presidential and congressional elections (1944 and 1946). Each state gets:

Four delegates at large.

Two additional delegates at large for each U. S. Representative at large.

Three more delegates at large for states which cast a majority for the GOP presidential ticket in 1944; or, if they failed to do so, which elected a Republican Senator in 1946. (States going Democratic in the presidential race and holding no senatorial election in 1946 lose this bonus of three).

Each state gets one district delegate for each Congressional district casting 1,000 or more votes for the Republican presidential elector in 1944, or for the Republican nominee in the presidential race.

Mrs. Joe Lavigne and Mrs. Henry Seymour were hostesses at a stork shower for Mrs. Robert Lavigne held Sunday afternoon in the church hall. Prizes were awarded to five hundred and buncio winners. Luncheon was unanimous—as were the previous two.

In Willie's cell at New Iberia,

NEGRO LOSES FIGHT FOR LIFE

Willie Francis Doomed For Second Trip To Electric Chair

New Orleans, (AP)—Willie Francis, the only man in Louisiana who ever walked away from the electric chair, Tuesday lost apparently his last chance to avoid a second trip to the chair—and accepted the verdict calmly.

"I guess dat's all," said the stuttering 18-year-old negro when informed that the State Pardon Board had refused for the third time to commute his death sentence to life imprisonment.

"I'se gonna die. There ain't nothin' I can do. I'se gotta die." Both Louisiana and United States Supreme Courts have denied pleas for clemency. In Louisiana the governor may not reduce a sentence without the Pardon Board's recommendation. Tuesday's decision of the three-man board was unanimous—as were the previous two.

In Willie's cell at New Iberia,

Schaffer

Entertains Club

Schaffer, Mich.—Mrs. George Pilon entertained her club members Tuesday evening. Fern Melton and Mrs. Selma Racicot won the prizes. Lunch was served.

Stork Shower

Mrs. Joe Lavigne and Mrs. Henry Seymour were hostesses at a stork shower for Mrs. Robert Lavigne held Sunday afternoon in the church hall. Prizes were awarded to five hundred and buncio winners. Luncheon was unanimous—as were the previous two.

In Willie's cell at New Iberia,

state's portable electric chair at St. Martinville. But a wire was loose, and when the switch was thrown nothing happened.

Through his lawyer Bertrand DeBlanc, Willie began a year-long fight against a second attempt to electrocute him. He claimed the death warrant had been carried out as prescribed by law.

He claimed also that another trip to the chair would violate two provisions of the United States constitution—one prohibiting cruel and unusual punishment, the other forbidding the placing of a man in jeopardy of his life twice for the same offense.

Letters asking mercy for Willie came in from all parts of the country. However, the state Supreme Court declined to stop another electrocution attempt, and the Pardon Board twice denied a clemency plea.

The case was taken to the U. S. Supreme Court which first refused to hear the appeal, then reversed itself and agreed to a hearing, and finally returned a narrow 5 to 4 decision last Jan. 13 denying the appeal.

**Helen M. Larson
Is the Bride Of
Carlton Johnson**

In a ceremony which took place Saturday afternoon at four o'clock at Bethany Evangelical Lutheran church, Helen Mae Larson, daughter of Mr. and Mrs. Hugo Larson, of 219 North Fifteenth street, became the bride of Carlton R. Johnson, 1227 Stephenson avenue.

The vows were spoken before Rev. Gustav Lund.

Mrs. George Malcomson, sister of the bride, was her only attendant, and Dr. Roy B. Johnson served as his brother's best man.

The bride wore a rose-beige suit with navy blue accessories and an orchid corsage and Mrs. Malcomson wore a light grey suit with navy blue accessories and a corsage of camellias.

Mrs. Larson, mother of the bride, wore a black dress with a pale blue trim and black accessories and Mrs. Johnson also wore black, her dress accented with pink trim, and black accessories. Both mothers had corsages of sweetpeas.

A wedding dinner was served in the private dining room of the Delta hotel for twenty-five guests, immediate members of the two families. A color theme of pink and white was used in the table appointments, tapers in silver candelabra and low bowls of seasonal flowers arranged with the three-tiered wedding cake. A small reception followed the dinner.

Home In Escanaba

Mr. and Mrs. Johnson left on a wedding trip to an unannounced destination and following their return will live at 1106 Washington avenue. The bride is a supervisor for the Michigan Bell Telephone company. Mr. Johnson, who is proprietor of the Wonder Bottling company, is a veteran of World War II, serving for three and one-half years. He attended Ferris Institute at Big Rapids, Mich., where he is affiliated with Phi Sigma Chi fraternity, and also studied at the Walton School of Commerce in Chicago.

Out-of-town guests at the wedding were Mr. and Mrs. R. P. Klemmer and daughter, Susanne, of Milwaukee; Mr. and Mrs. H. M. Tamblin of Grand Rapids; and Mr. and Mrs. George Malcomson and son, Tommy, of Oconto Falls, Wisconsin.

**Bethel Chorus
Of St. Paul In
Concert Tonight**

The Bethel Girls' Chorus, representing Bethel college and seminary of St. Paul, will be presented in concert this evening, under sponsorship of Cavalry Baptist church, at the Central Methodist church auditorium.

The concert, which the public is invited to attend, will begin at 8 o'clock. There is no admission fee.

The chorus is composed of forty voices and is under the direction of Professor Nels Sternstrom. Dr. Henry C. Wingblade, president of Bethel college and seminary, who accompanies the chorus, will speak briefly at the concert.

Births

Mr. and Mrs. Francis Bjorkquist, 1511 Third avenue south, are the parents of a son born April 21 at the St. Francis hospital. The child, the second in the family, weighed eight pounds and seven ounces at birth and has been named Tommy.

A son, Dennis, who weighed seven pounds and seven ounces at birth, was born to Mr. and Mrs. Gilbert Helgemo, Escanaba, Route One, Friday, April 25. The baby is the first in the family. Mrs. Helgemo is the former Elsie Skoglund of Gladstone.

In Hollywood

BY GENE HANDSAKER
Hollywood — If Annabella is shedding any tears over her separation and planned divorce from Ty Power, she's shedding them in private.

Home from fall and winter appearances on Broadway, the vivacious French actress is bubbling with good spirits; and her vigorous handshakes jangles two gold bracelets on her right wrist as loudly and merrily as Christmas jingle bells. At least, it did the afternoon I called.

This, with its crunching gravelled driveway, is the white, Colonial-style home where Annabella lived with Ty—and it is still home to her. It gives a feeling that the latchstring is still out for Ty—a framed sketch of him is still up in the bar, along with glass-covered, aging handbills announcing stage appearances of his late father.

Chance of a reconciliation, perhaps?

"Oh, no," Annabella's answer is quick. "Those things never work out, do you think?"

She says she'll file suit for divorce upon Ty's return from a movie location in Mexico; or, if he hasn't returned when she sails for France March 19, she'll file when she comes back next fall.

Besides lively brown eyes and fluffy, light brown hair, Annabella has a firm, determined chin.

Annabella is returning now to dispose of a house at Biarritz and

**Personal News**

Mrs. Albert Derouin and son, Francis, of 1601 Stephenson avenue, left yesterday to spend the week end visiting Mr. and Mrs. Leonard Beauchamp in Munising.

Mrs. George Ramspeck of 319 South Eighth street left yesterday morning for an extended visit with relatives in Milwaukee, Chicago and Elgin, Ill.

Mr. and Mrs. Edmund Young returned yesterday to their home in Detroit after spending two weeks visiting Mr. and Mrs. Charles Forsman, 207 North Tenth street.

Pvt. Jerry Couillard returned yesterday to Fort Sill, Okla., after spending a 15-day furlough with his parents, Mr. and Mrs. Jerry Couillard, Sr., in Wells.

Mrs. Mary Alyce LaFave of 609 South 12th street left for Chicago where she will visit with friends a few days.

Mrs. Kenneth DeMars of 116 North 20th street and daughters, Judy and Sharon, and Miss Margaret Mileski of Wells left yesterday morning for Neenah, Wis., where they will visit their sister, Mrs. Clem Larson, for the week end.

Mr. and Mrs. B. H. Loodeen of 605 North 16th street left yesterday to visit over the week end with Mr. and Mrs. Gerald R. Utley in Milwaukee.

Miss Lila Rusch of the science department in Junior high school left yesterday to spend the week end at her home in Reedsville, Wis.

Harold Winchester, 617 South 18th street, and Lawrence Vian, Grand avenue, left Saturday morning for Kaukauna, Wis., to attend a tri-state convention of the International Brotherhood of Pulp, Sulphite and Paper Mill Workers' union.

Mr. and Mrs. William Cass, 1114 Tenth avenue south, have returned from a vacation trip to Florida. Enroute they visited their daughter, Dorothy, at South Bend, Ind., and their son, M/S Irving Cass, at Montgomery, Ala.

Mr. and Mrs. Henry Hukkanen, of 701 South 15th street, left yesterday morning for Newark, N. J., where Mr. Hukkanen will attend a training course for Prudential Life Insurance company managers. Mrs. Hukkanen will remain in the east for one week.

Mrs. C. B. Dunathan, of 620 South 12th street, returned yesterday from St. Ignace, where she was called by the illness of her mother, Mrs. Julie Hagen. Mrs. Hagen has been admitted to War Memorial hospital in Sault Ste. Marie for treatment.

Mrs. Hattie Degeneffe, of 619 South Eighteenth street, who is receiving treatment at St. Francis hospital for an infection in her left hand, is much improved in condition.

Mr. and Mrs. William Hermes have arrived from Chicago, where they were recently married, to make their home in Garden. The newly-weds drove back in a new car which was the wedding gift of the bride's father, John Pischeck.

William Corboy of 920 Ludington street left for Chicago where he will remain a few weeks on business.

Mrs. Mary Johnson of Everett, Wash., who has been visiting at the home of her nephew, Charles L. Follis, for the past week, is leaving today for Fayette to visit her brother, William Clifton, and other relatives.

Mrs. Tony Russo and son, Tommy, have returned to Negaunee after a two weeks' visit with Mrs. Mary Bruyere, 1323 Ludington street.

Rev. Fr. Charles Szygula, chaplain at St. Francis hospital, and Rev. Fr. Paul Prud'homme, S. J., Indian missionary for the diocese, were among members of the clergy attending the funeral services for Miss Grace Hennelly, sister of Rev. Fr. Eugene T. Hennelly.

Job's Daughters will meet this afternoon at 1:30 o'clock at the Masonic Temple. All members are urged to attend. Initiation will be held at the regular meeting Monday evening at 7:30 o'clock.

Birthday Party

Annette Paquette, Mary Ann Lund, Gloria Taylor, Barbara Taftshek, Elaine Snow, Mary Valentine, Mabel LaDuke, Joan Ferrari, Barbara and Jean Boyce, Mary Weber, Barbara Collins and Joyce LaChapelle gathered at the home of Eleanor LaChapelle, 314 South 14th street, on the occasion of her 12th birthday, Friday evening. Games were played by the children and Eleanor received many lovely gifts and a purse of money. Lunch was served after the card games.

Birthday Party

Mr. and Mrs. Francis Bjorkquist, 1511 Third avenue south, are the parents of a son born April 21 at the St. Francis hospital.

The child, the second in the family, weighed eight pounds and seven ounces at birth and has been named Tommy.

A son, Dennis, who weighed seven pounds and seven ounces at birth, was born to Mr. and Mrs. Gilbert Helgemo, Escanaba, Route One, Friday, April 25. The baby is the first in the family. Mrs. Helgemo is the former Elsie Skoglund of Gladstone.

Birthday Party

Miss Signe Thingum of Wells was honor guest at a birthday party, arranged by her sisters-in-law, Mrs. Ed Thingum and Mrs. Harold Thingum, held Friday evening at the family home.

Games were played. Mrs. Mary Alice Reno and Lorraine Jollecoeur receiving the awards and a delicious lunch was served. Signe received many lovely gifts.

Guests at the party were Mary Lou Skoupals, Mrs. Mary Alice Reno, Lorraine Jollecoeur, Arlene McLaughlin, Margaret and Jean Gardner, Helen Hayson, Lois Way, Mildred Kozar and Rita Couillard.

This, with its crunching gravelled driveway, is the white, Colonial-style home where Annabella lived with Ty—and it is still home to her. It gives a feeling that the latchstring is still out for Ty—a framed sketch of him is still up in the bar, along with glass-covered, aging handbills announcing stage appearances of his late father.

Edward Hurley is visiting at the home of his parents, Mr. and Mrs. George Hurley, Old State road, over the weekend. He is a student at Marquette Beauty school, Marquette, Mich.

Mr. and Mrs. Peter VanLarven of 219 South Eighth street and Mrs. Joseph Dault of Iron Mountain, who has been visiting Mrs. VanLarven, left yesterday to spend the weekend with relatives in Menominee and to attend the wedding of their nephew, Robert Tessier.

Mr. and Mrs. Stanley Smieke of Rockford, Ill., left yesterday to return to their home after spending a week with relatives and friends here. Mrs. Smieke is the former Elaine Kohler of Gladstone.

Miss Mary Alyce LaFave of 609 South 12th street left for Chicago where she will visit with friends a few days.

Mrs. William Bonifas, Mrs. John Erickson and Mrs. John Lemmer returned Friday night from Milwaukee, where they visited Isaac Bonifas who is a patient at St. Joseph's hospital.

Plans Complete For Tournament Here May 17, 18

Plans for the 11th annual Upper Michigan open team-of-four tournament, which will be held here May 17 and 18, under the sponsorship of the Delta Bridge League, have been completed, and indications are that there will be a representative attendance from Wisconsin and upper peninsula cities.

The club this year, augmented by many new voices, has the following personnel:

First Sopranos—Ruth Ahlquist, Ruth Glad, Hildur Hebert, Vera Holmgren, Frances Johnson, Martha Johnson, Tillie Olson, Anna Marie Tousignant, Jessie Wick.

Second Sopranos—Anona Anderson, Edith Bailey, Elaine Bergberg, Nancy Coon, Clara Frechette, Lillian Hirn, Lydia Olson, Viola McCormick, Vivian Olson, Jean Trantella.

First Alto—Mable Crebo, Lois Day, Janet Dressler, Claire Garrard, Irma Okerlund, Lilah Wylie.

Second Alto—Eva Flemstrom, Charles Gleich, Alyce Holmgren, Viola McCormick, Vivian Olson, Jean Trantella.

First and Second Tenors—Harold Crebo, Charles Hammar, Fred Johnson, Al Vietzke, Cleve Moore, Lowell Sundstrom.

First and Second Bass—Vaughn Belanger, Frank Hirn, Dick Hoyler, Albin Olson, Bradford Loveland, Charles Sherlock, Percy Weinberg, George Weingartner, Jack Morin, Gustav Lund, Mac Daniels, Donald Marvick.

Officers of Club

Officers are Clara Frechette, president; Jean Trantella, vice-president and social chairman; Vivian Olson, secretary; Albin Olson, treasurer; Viola McCormick, publicity director; George Weingartner, business manager; and Tillie Olson, Lilah Wylie, Vaughn Belanger and Lowell Sundstrom, music committee.

Staging of the concert is in charge of Fred Johnson and members of their committee.

SCHOOL BANDS FULL OF COLOR

Upper Peninsula Groups Stage Great Concert In Escanaba

Not even damp weather could dim the vibrancy of the youthful musicians who met here for the Upper Peninsula high school band festival. At their mass concert last night all the color and song of youth came forth in a ten part program presented in William W. Oliver Memorial auditorium.

Conductors for the various numbers were Miss Cynthia Huckstep of Newberry in Hosts of Freedom, W. E. Dirks of Kingsford in a Mozart selection, Walter Daley, Negaunee, in Friendship Polka, L. R. Johns of Gladstone in Mountain Echoes, D. W. Howlett of Munising in Hall of Fame, O. C. Paquette in Dixieland Bridge, T. Ray Uhlinger of Iron Mountain, Trojan Prince, Miss Lois Burns of Vulcan, Lee's Favorite, and E. C. Moore of Appleton, who served as adjudicator, in the final two numbers, Bridal Song and Stars and Stripes Forever.

For the evening concert, well attended, 20 members of each of the participating schools were massed on stage. Bands represented included those of Menominee, Gladstone, Iron Mountain, Kingsford, Manistique, Munising, Negaunee, Newberry, Ontonagon, Vulcan, Marquette, Ishpeming, Powers-Spaldeen, Baraga, Norway and Escanaba.

Noted lecturer and educator E. C. Moore, the Lawrence College Conservatory of Music, Appleton, served as adjudicator to the group for the second year in succession. Religious and philosophical in his concern for high school students, Mr. Moore declared that the youth of America is her most precious heritage.

A child's education needs development on three planes to be truly well integrated. Mr. Moore finds that the study of music and active participation lends itself to the development of physique, mentality and concentration, and a rounding out of personality esthetically and ethically.

Director of music in Appleton, Mr. Moore stated that in his travels in Canada he was made aware of the fact that schools do not have musical organizations. Instead the students from the time they are 14 till they reach 18 are free to play in municipal bands. Thus they learn from their elders and remain with the group as long as they dwell in the same place.

To the respected musician music is not a frill of education but a vital integrating factor. Students at the festival were well behaved throughout the program of events for the day and Moore attributes it to fine training.

Parents, teachers and the church have a paramount responsibility toward the coming generations, he declared, and most cooperate.

Students who participated in the concert last night had the opportunity of playing under many directors and also of seeing how they measured with other high school musicians. For the audience a varied program of musical selections was offered.

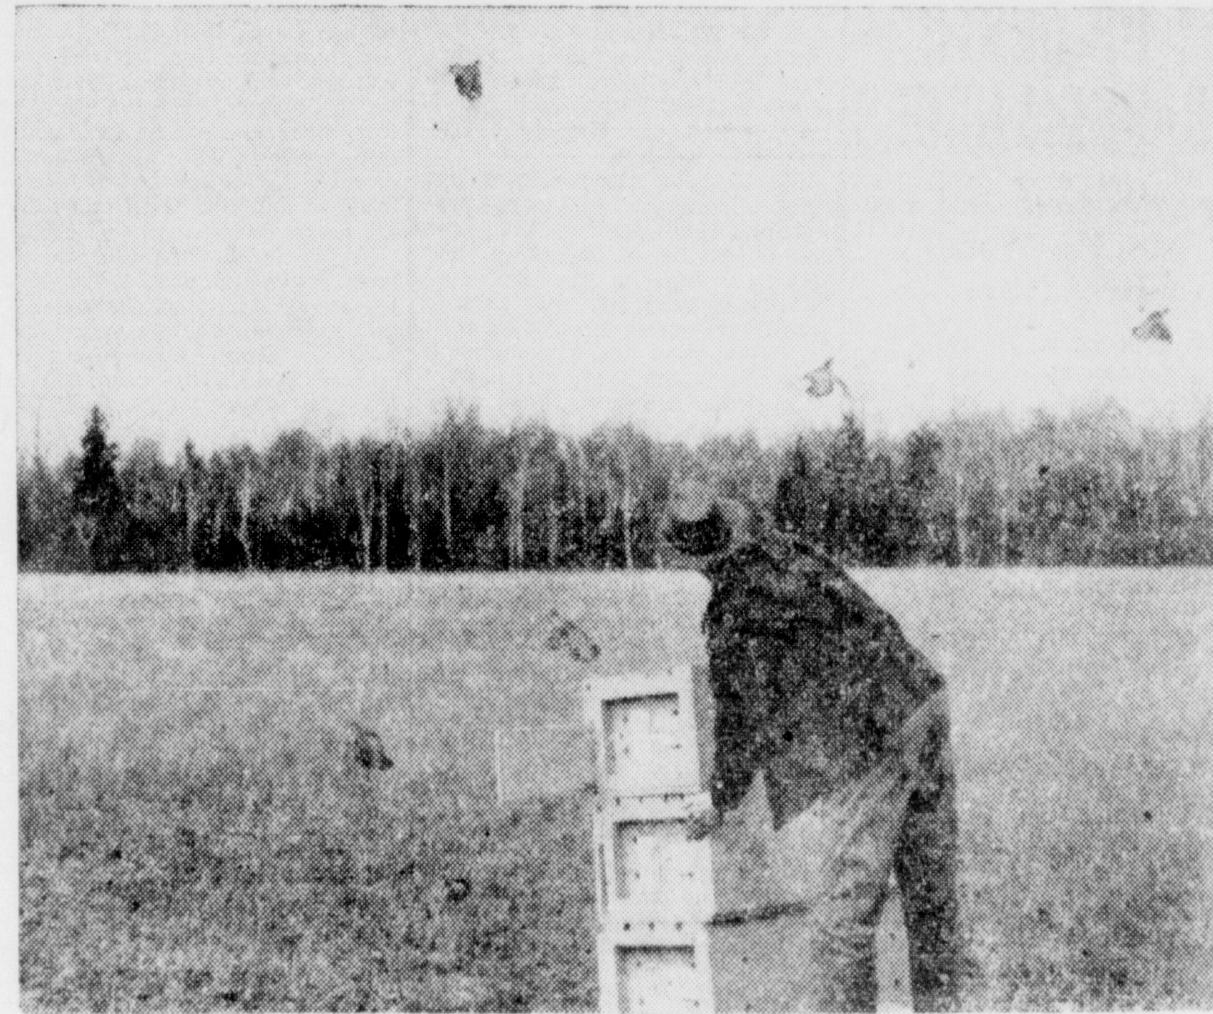

Though Dixieland Bridge seemed most pleasing to listeners, the program was enjoyable for the great majority. The whole event was like a magnified college seminar for students who responded to the stimulation with a spirited concert.

Some large passenger and air cargo planes in use today carry from 2000 to 3000 gallons of fuel in their tanks.

FUTURE GAME BIRD? — More than 150 Hungarian partridge were released by the Minnewasca Sportsmen's club. Liberated birds

take to air as shipping case is opened by Howard Eldred, district supervisor of the conservation department.

a local health department organized on a full-time basis.

Fewer than half the counties of the United States have organized full-time public health protection.

An average of only 61 cents per capita was spent for local health service in 1942 in the face of an estimated need of at least \$1 per capita.

The physicians and engineers who are currently receiving graduate training in public health are fewer than the number needed to fill existing vacancies.

The salaries paid to public health nurses are in many if not most health departments below the decent subsistence level for a self-respecting professional.

The universal opinion of state health officers is that lack of per-

sonnel is the chief obstacle to extending public health protection in their states.

"The death of a child living on a back street, or on the edge of a swamp or in a mountain cabin, the convulsions of an expectant mother, an epidemic of one sort or another, are the kinds of things that inevitably happen when public health service is inadequate," Dr. Winslow declares.

The only solution, he says, is to increase salaries of public health workers, whether doctors, sanitary engineers, nurses and all. Most states and cities need to increase salaries by at least 20 per cent on the average to get and keep able workers. In many communities the rate of increase should be much greater.

PUBLIC HEALTH FEARS AROUSED

Shortage Of Workers In This Field Causes Much Alarm

BY JANE STAFFORD

New York, (SS)—Increasing danger of epidemics threatens the nation. Public health experts are alarmed. They fear that our health defenses are crumbling.

Low salaries for the professional public health workers are the cause. These men and women are the troops who hold the front line of the war against disease. But like the school teachers, they are being forced out of health departments into other work in order to meet the increased costs of living. Few new recruits can be found to fill the ranks.

The storm signals are up, warns Dr. C-E. A. Winslow, the editor of the American Journal of Public Health. He lists some of them as follows:

One-third of the people of the nation are without the services of

INDIANS FILE HUGE CLAIMS

Chippewas Claim Isle Royale Was Taken From Them

Duluth, Minn.—A new hearing before the U. S. court of claims seeking more than \$100,000,000 for Chippewa Indians of Minnesota and Wisconsin will begin in Washington May 13, tribal officials announced here yesterday.

Tribal members are seeking payment from the U. S. government under 35 treaties, some dating back to 1785, under which they allege the government promised payments for lands, timber and mineral rights ceded by Chippewas to whites.

The Indians will contend other public utilities,

through their attorneys, Clarence Lindquist and Jay Hoag, Duluth, that whites seized their lands in exchange for payment promises which never were made. Claims of Wisconsin Chippewas alone total more than \$100,000,000.

Typical of claims are those advanced by members of the Grand Portage tribe.

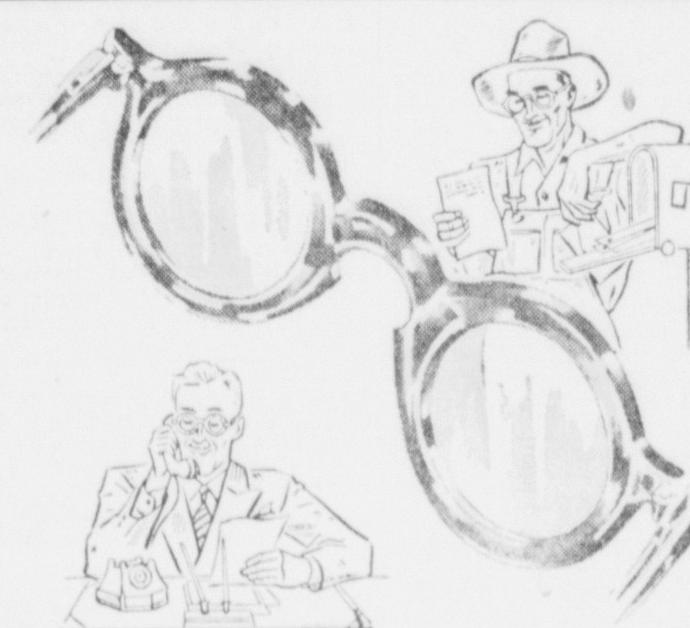

They are asking \$60,000 for Isle Royale which they claim the government took from them without payment. They ask restitution for water and power rights in the Pigeon river. They seek additional payments for timber lands which they say the government sold in their behalf for \$1.25 an acre.

Grand Portage Indians charge white loggers pillaged their lands, destroyed and wasted vast quantities of virgin timber and seized lands without payment. They are seeking monies for right of ways granted highways, railroads and pipelines to whites.

Democrats Making Political Issue Of GOP Economy Move

BY JACK BELL

Washington, April 26 (AP)—Senate Republicans set out today to counter what they called "wilful New Deal propaganda" that the Congressional GOP economy program is aiming a blow at the west through stalled reclamation appropriations.

Chairman Taft (Ohio) told reporters the Senate Republican policy committee intends to help western colleagues convince their constituents that reclamation and similar projects are proceeding at a better-than-usual pace despite Democratic cries that the program is being "crucified."

Democrats have attempted to make an issue of the economies in an area where Republicans drew much of the strength that enabled them to capture control of Congress in last November's elections.

Senator Dworshak (R-Idaho) said an analysis showed that despite the House action Friday in reducing the Interior department's appropriation to \$161,413,000 from \$295,420,000, President Truman asked, about \$147,000 will be available for the bureau of reclamation in the year beginning July 1. This includes carry-over funds.

Tank Trailer Fire Damages 6 Homes At Plainwell, Mich.

Kalamazoo, April 26 (AP)—A gasoline tank trailer and fire destroyed a gasoline tank trailer, damaged six homes and slightly injured two persons at Plainwell, 11 miles north of here, this afternoon.

Fireman estimated damage at \$100,000 and said two of the homes were destroyed almost beyond repair.

Blain Roby, 35, of Indianapolis, Ind., driver of the tank trailer, escaped with only a sprained ankle as he jumped from the moving vehicle just before it blew up.

The explosion of 3,000 gallons of gasoline in the truck sent a geyser of gasoline 60 feet in the air as flames shot as high as 200 feet.

The flames ignited nearby homes and Otsego firemen were called in to help fight the blaze after the Plainwell fire department pumper blew up. Wesley Cooper, a member of the volunteer fire department and a student at Western Michigan college, was badly burned on one arm while helping fight a roof fire on one of the homes.

Plainwell Fire Chief Roy Keeler said the blaze was the most spectacular he had seen in 15 years.

Pluralities Won In Jap Diet By Social Democrats

BY RUSSELL BRINES

Tokyo, April 26 (AP)—Japan's Social Democrats surprised themselves today by winning 143 seats in the House of representatives, giving them pluralities in both houses of the new Diet.

The party, moderately leftist, is outnumbered by a Conservative coalition, but its leaders took the returns from Friday's election as a mandate for tighter economic controls to combat the country's problems.

They also saw an improved chance for their chairman, patient, soft-spoken, 59-year-old Tei Tsu Katayama, to demand the premiership.

Complete unofficial returns gave the Liberals 131 seats, Democrats 123, Cooperatives 31, Communists 4, minority parties 21, and independents 13.

The Liberals and Democrats, both conservative and now in control of a coalition cabinet, thus still have a majority together, but their failure individually to outrun the Social Democrats was taken generally as an expression of voter dissatisfaction with past policies.

Women suffered at the polls. Only 14 were elected, compared with 39 in the old House.

Insolence Charged: Employee Of State Prison Suspended

Jackson, Mich., April 26 (AP)—Warden Ralph E. Benson today announced the suspension of H. Charles Watson, director of classification at Southern Michigan prison.

Benson accused Watson of having assumed an insolent attitude toward Archie J. House, the institution's personnel director, and of using improper language.

No hearing date was set for Watson, the only one reinstated of seven prison officials recently dismissed on charges of maladministration.

Net Gain Of 31 Papers Made By AP; Noyes Ends 54 Years As Director

BY JACK BELL

Washington, April 26 (AP)—Associated Press members at their annual business meeting paid high tribute Monday to Frank B. Noyes, last of the news cooperative's founders who declined renomination as a director and thus ended 54 years of service on the board.

Noyes, 83-year-old president of the Washington Evening Star, served as president of the AP from 1909 to 1936. In adopting a resolution lauding him, the members said they would rely "upon his continued close interest in the affairs of the Association as honorary president."

Six new directors were voted on at the meeting, with the results of the balloting to be announced later.

Those nominated for the six posts were: Robert McLean, Philadelphia Evening Bulletin; George F. Booth, Worcester, Mass., Telegram; Paul Patterson, Baltimore Sun; E. H. Butler, Buffalo Evening News; Josh L. Horne, Rocky

Moun, N. C., Telegram; B. M. McKelvey, Washington Sunday Star; W. H. Cowles, Spokane, Wash., Spokesman-Review; Buell W. Hudson, Woonsocket, R.I., Evening Call; John S. Knight, Chicago Daily News; Norman Chandler, Los Angeles Times; Mark Ethridge, Louisville, Ky., Courier-Journal, and Howard C. Rice, Brattleboro, Vt., Reformer. McLean, Booth, Patterson, Butler and Horne were renominated. McLean was nominated in Noyes' place after the latter was withdrawn. Horne and Rice were nominees for director for cities of less than 50,000 population.

The Association also elected 15 associate members to regular membership and selected new nominating and auditing committees in completing the business of the gathering at the Waldorf Astoria hotel. McLean, AP president, presided at the meeting.

The Board of Directors, in its annual report to the members, announced the AP had achieved a net gain of 31 newspapers during 1946, and listed these other developments:

The greatest wirephoto expansion in the cooperative's history, with a total of 1,018 participants in all categories; extension or regional wirephoto coverage to a third state, Illinois; inauguration of national all-sports wire; organization of five new foreign affiliates, and expansion of the American-trained staff abroad.

The board said in the report it was giving "continuing consideration to the various problems arising from use of Associated Press news for voice broadcasting."

McLean told the meeting later that the move to harmonize the newspaper and radio service, which the members had decided upon at previous meetings, was proceeding and that equity for all was being approached.

He added that when the radio service was established it was operated through a subsidiary namely, Press Association; that the time had arrived for incorporating its administration into the Associated Press, and that the board had approved this step on the recommendation of the executive director.

The members today voted one change in the by-laws designed to restrict ownership of the corporation's bonds to regular AP members.

The 15 associate members elected to regular membership were:

Afternoon papers—Flagstaff Ariz., Arizona Daily Sun; North Hollywood, Calif., Valley Times; Cartersville, Ga., Tribune News; Liberal, Kas., Southwest Daily Times; Neodesha, Kas., Daily Sun; Flat River, Mo., St. Francois County Journal; West Plains, Mo., Quill; Fairbury, Neb., News and Gazette; Kearney, Neb., Daily Hub; Bucyrus, Ohio, Telegraph-Forum, and Arlington, Va., Daily Morning paper—Batesville Ark., Daily News, and Erie, Pa., Dispatch Herald and Sun.

Afternoon and Sunday papers—East St. Louis, Ill., Journal, and New Iberia, La., Daily Iberian.

Nominating committee members for the 1948 annual meeting elected included Chairman, Harold A. Fitzgerald, Pontiac, Mich.; Daily Press, and Secretary, Joe W. Secrest, Lincoln, Neb., State Journal.

The school board selected bar-

racks and boarding-house type buildings "because congeniality does not seem to exist where a large group of adults is forced to live together." Which is another way of saying it thought it could keep its teachers more contented in private apartments than it could lumping them all together in some temporary dwelling.

Money for the project came partly from the revolving Loan Fund of the Arkansas Department of Education, partly from school board cash. Even with rentals beginning as low as \$25 a month, the school board figures the building will pay for itself in 20 to 25 years.

In the meantime, Crawfords-

ville figures it will get dividends in teachers and better education.

Hope Dims For 11 Trapped In Mine At Malartic, Que.

Malartic, Que., April 26 (AP)—Rescue squads launched a desperate new effort today to rescue 11 miners trapped by a fire Thursday in the No. 4 shaft of the Malartic gold mines after the company had said that all hope of extinguishing the flames were abandoned.

That chance for the men emerging alive were slim was seen in the reaction of weary rescue workers, who only muttered and turned away when asked what hope remained for the men in the fume-swept shaft below.

The new attack on the fire involved the building of a heavy timber ceiling over the shaft at a level above the fire. It was hoped this would smother the flames and remove the danger of falling rock for the rescue workers.

Nothing has been heard from the men since the fire started in a lunch room on the tenth level. Of the original party of 16 working in the shaft one died on Thursday and four escaped.

Defective Relays Blamed For Wreck Of City Of Miami

Champaign, Ill., April 26 (AP)—An investigation into last Saturday's wreck of the Illinois Central Railroad's The City of Miami, disclosed the smashup was caused by improper installation of two electrical relays, the railroad announced today.

Two persons were killed and 107 injured.

The investigation was conducted by representatives of the railroad, the Illinois Commerce Commission, and the Interstate Commerce Commission.

TRACTOR KILLS BOY

Pontiac, Mich., April 26 (AP)—Robert Lee Craddock, 13, was killed today when a tractor overturned and pinned him to the ground as he was working a field on his father's farm near Oxford.

Dr. H. F. Stahl, deputy coroner, said suffocation caused the death of the boy, son of Mr. and Mrs. Elliott Craddock.

Coal and oil shale are expected to furnish gas and petroleum when gas and oil wells run dry.

Mrs. Esther Walsh Dies Saturday Night After Long Illness

Mrs. Esther Walsh, 64, died at her home, 1611 N. 16th avenue, at midnight Saturday night. She was the widow of the late Charles Walsh and had been in ill health for several years though only seriously ill for the last six weeks.

She was born at Oshkosh, Wis., on June 18, 1882, and had lived in Escanaba for 24 years. She was a member of the Free Methodist church.

Survivors are six sons: Rufus,

PAY UP DEBTS, BABSON URGES

Hope For Best, But Prepare For Worst, He Advises

BY ROGER W. BABSON

Eureka, Kansas—I hope I am wrong; but the following is a brief summary of my vision for the next five or more years whatever Russia may do. This, moreover, is based upon forty years of forecasting experience and the expenditure of millions of dollars on business research.

(1) I am reasonably sure of at least two more years of fair business. If the U. S. adopts the right international policy, this can be extended to five years or more. Certainly, the agricultural sections out here are happy and see no reason for any business depression.

(2) My manufacturing friends are very much upset by labor's demands and believe that "sooner or later" we will witness a Great Depression with millions of unemployed. Commodity, real estate and stock prices will be very much lower than at present, they claim.

(3) When visiting Washington, I find a belief that unless Russia collapses in the meantime there will then be a communistic uprising in the U. S. If our Federal

Government is not then taken over by the Communists through democratic procedure, certain state and city governments certainly will be. Yes, Washington is very jittery, and President Truman is scared blue.

(4) If these Congressmen are right, a panic of tremendous proportions could take place with people leaving the big cities and seeking refuge in the self-sustaining sections of the Central West. I refer to areas with their own food, fuel and housing supplies and which are not dependent upon railroad transportation.

(5) If that time comes, or when the danger is fully evident, it will be too late to prepare for it. You cannot take out fire insurance on your house when it is burning! Yet, today there are several ways to prepare yourself and family both against communistic uprisings from within and Russian bombs from without.

Both of these factors would dangerously affect industry and around many large cities. The first "hedge" would be to migrate with your families to some small interior city of the United States. If you don't care to take so definite a step now you can at least now make a start by re-arranging your investments. In the light of this situation there are three classifications of investments to be considered. These are Safest Investments, Bomb Targets and Semi-Protected Investments.

Safest Investments should include those companies whose assets or sources of material are decentralized, or underground or

indestructible. Among these are certain Land, Chemical and Mining companies most of whose assets are well scattered, well buried or obtained from the sea. Also companies processing or packing food products whose assets are in or near Agricultural Areas. Some Lumber and Sea Food companies should be included in this group.

Bomb Targets should include most heavy industries such as Steels, Locomotives, Automobiles, and Machinery. Other companies whose principal income is derived from Food Distribution in large cities would be vulnerable. Utilities, including transportation, gas and electricity, Electrical Equipment Stores, Drug Companies and Restaurant Chains would all be open to attack.

Semi-Protected Investments are those based upon somewhat scattered assets with at least the greater portion in "safe" areas. I have in mind such industries as Container Companies, certain Meat Packing Companies, Oil Companies, Chain Store Systems, Communication Companies, and finally Publishing Companies whose good will and reputation are in the same category as trademarks and cannot be "bombed" out.

Conclusion

When I am in New York City with my banking friends, I am inclined to be bullish. When in manufacturing centers with those plagued by severe labor troubles, I become bearish. When, however, I am out here at the very center of the U. S., viewing our great

virgin areas of grain, forests, minerals and happy people, I am neither bearish nor bullish. I, however, do advise my readers now to get and keep out of debt. Hope for the best, but prepare for the worst.

Baby Germs Are Posed For Pictures

New York, (AP)—The babyhood of germs is revealed in electron microscope pictures taken by Dr. James Hillier, of the Radio Corporation of America, and Dr. Georges Knaysi, Cornell University cytologist.

The microscope started with spores on a plate covered with a culture medium on which germs can grow. First a spore swelled slightly. Then it cracked, like an egg. Inside a growing cell, the baby germ, was revealed.

This cell divided into two, and those into four, so that presently the little germ had quite a few cells. Then a fallegia, tail-like hairs, appeared, and the youngster used them to move around.

After an hour or more the germs were nearly adult and many hours became old and developed spores ready to repeat the life cycle.

The electron microscope, however, failed to show clearly what the germ's internal structure is. These parts were not too small for the electron microscope's great magnification, but were too transparent. The parts consisted of some granules, or very small internal particles.

Truman Presents Naval Vessels and Drydocks To China

Washington, April 26 (AP)—President Truman gave an unspecified number of naval vessels and floating drydocks to China and authorized the Navy to teach the Chinese how to run them.

The president acted under a 1946 law permitting him to provide up to 271 vessels and craft to China. The act specifies that they must be unneeded by the U. S. Navy.

The act requires congressional sanctions to turn over any battleships, aircraft carriers, cruisers, destroyers and submarines, and submarines, and since Mr. Truman acted alone, presumably none of those types is involved.

The Navy said that some American craft are already in use by the Chinese, having been part of lend-lease operations. In the case of these ships only a change of title will be needed. The presidential order authorized the sending of 100 officers and 200 enlisted men for training purposes.

Mr. Truman's order said China had requested the transfer.

While the ships are a gift, the arrangement calls for China to pay cash for repairing, outfitting and equipping them.

EXTRA CURBS TO BE PLACED UPON UNIONS

(Continued from Page One)

A jurisdictional strike is one in which a union strikes to beat another union, not because of a dispute with the employer. A secondary boycott is a union attempt to hit at an employer indirectly by forcing other employers not to deal with him.

Closed Shop Banned

The Senate bill as it stands, approved by the Senate Labor Committee, is not as far-reaching as the Hartley bill approved by the House. But the Senate version would:

Make it an unfair labor practice for an employer to sign a closed shop contract (that is, to agree to hire only union men); authorize the attorney general to get 75-day injunctions to block nationwide strikes threatening health or safety; create an independent mediation service; and restrict the powers of union leaders in a number of ways.

Meanwhile, Chairman Hartley (R-N.J.) of the House Labor Committee brushed off protests against the House bill as "the hysterical cries of anguish emanating from high-powered union leaders."

"It is perhaps significant that this loud outcry comes from labor leaders and not from rank and file union members," he said in a statement.

The new attack on the fire involved the building of a heavy timber ceiling over the shaft at a level above the fire. It was hoped this would smother the flames and remove the danger of falling rock for the rescue workers.

Nothing has been heard from the men since the fire started in a lunch room on the tenth level. Of the original party of 16 working in the shaft one died on Thursday and four escaped.

Babe Ruth To Get New \$5,000 Sedan From Ford Motor

New York, April 26 (AP)—

COWELL BLDG. -- MUNISING -- PHONE 162

CELEBRATE ANNIVERSARY

Local IOOF & Rebekahs To Hold Fete Here Tuesday

Munising—The Munising Lodge 468 I. O. O. F. and the Grand Island Rebekah Lodge 228 will observe the 123rd anniversary of the founding of the order in the United States at a joint session to be held in the Munising roller rink, at 8 Tuesday evening, April 29.

One of the main features will be an old fashioned box social with the ladies present furnishing the box lunch. All Odd Fellows and Rebekahs are invited to celebrate the occasion and may invite one other couple to the affair with the request that the lady invited furnish a box lunch.

Proceeds will be sent to the Sovereign Grand Lodge of the U. S. for the Emergency War Relief fund used to rehabilitate odd fellowship in the war torn countries. The quota for this fund is \$250,000.

The Odd Fellow Order was founded in Baltimore, Md., April 26, 1819, with five charter members. The I. O. O. F. today has lodges in every part of the U. S. and Canada as well as 26 foreign countries and has a total membership above three million in the U. S. alone.

The Munising lodge was instituted 50 years ago with 25 charter members on February 2, 1897.

Activities of the National Order and its individual lodges include the maintenance of 62 homes for the aged and orphans in the U. S. and Canada; operation of the National Educational Foundation, Blood Donors and Hospital Bed programs, a Seeing Eye Dog foundation, a World Peace Fund, Juvenile Delinquent program, Veterans Hospital Fund, Boys and Girls Camps and Sick and Death Benefits.

The Munising lodge, it was said, is especially active in supporting the hospital bed program and the combating of juvenile delinquency.

LEGION MEETS

Munising—The Roderick Prato Post of the American Legion, Munising, will hold their regular meeting here at 7:45 Monday evening in the legion clubrooms.

Members of the post throughout the county are urged to attend. Adolph Stebler, local commander stated. Important business regarding future activities of the post will be transacted, he said.

GROCERY RE-OPENS

Munising—Fire damage to the Ted Mattson store has been repaired and the proprietor announced yesterday the store will re-open Monday.

The blaze which damaged the store occurred on Good Friday.

Baby Suffocates In Bassinette

Munising—Diana L. Marlin, three-month-old daughter of Mr. and Mrs. Henry Marlin, Wetmore, died at the family home sometime early Friday morning. Coroner Joseph Lambert said death was due to accidental suffocation.

The child, who was suffering from a cold, had been attended at about 2 a. m. Friday and at 9 a. m. Mrs. Marlin found the child dead in the bassinette with the blankets around her head.

Mr. Marlin is a private first class in the Army and is now stationed at Fort Bragg, N. C.

Diana was born January 12, 1947, at Munising.

Besides her parents, Diana is survived by one brother, Myron T., at home.

The body was removed to the Beaulieu funeral home for preparation for burial.

Funeral arrangements are incomplete.

Philip Leiphart Dies Suddenly At Work On Saturday

Munising—Philip Leiphart, 45, Bay View Addition, Munising, dropped dead Saturday morning at approximately 11 a. m. while at work in the Paper Mill here. Cause of death has not yet been determined.

Mr. Leiphart was born March 1, 1902 and had resided in Munising his entire life. He was a member of the Episcopal church here and was an employee of the Munising Paper company. He was also employed, at one time, as a member of the city police force.

Besides his wife, Alice and one son, David, Detroit, he is survived by the following: three brothers, Conrad, Willis, and Donlin, Hill, and Hancock.

The body was removed to the Beaulieu funeral home, Munising, where it will remain until the time of the funeral.

Funeral services will be held in the Beaulieu chapel Monday, April 23, at 2:30 p. m.

Rev. H. A. Storey of the Free Methodist church will officiate and burial will be made in the Maple Grove cemetery.

BUOY TENDER BREAKS ICE

Bay Channels Opened Here, Expect Coal Boat April 28

Munising—The Coast Guard buoy-tender "Woodrush" opened the navigation season here Friday by breaking through approximately 10 inches of soft bay ice and docking at the local port about 9 a. m. Coast Guard officials stated.

The "Woodrush" first broke through the ice in the west channel and then proceeded to smash through the layer of ice in the east channel it was reported. Coast Guard officials here stated the first coal boat of the season is expected to arrive April 28 for the Paper mill.

After clearing the channels here, the "Woodrush" proceeded to Marquette, it was stated.

CIRCLE 13

Munising—Mrs. George Gravelle entertained members of St. Anthony Guild 13, at her home Thursday.

High honors in 500 went to Mrs. Joseph Revord and the draw honor was taken by Mrs. John Korpela.

A lunch was served following the card games. The next meeting of the circle will be held at the home of Mrs. Harold Radloff.

Scientists estimate there are about 30,000 earth tremors annually.

HOWARD STYNE EARLY SUCCESS

Young Business Leader Thinks Of Retiring At Age Of 25

BY MARC J. PARSONS

New York, (NEA)—Howard Styne figures he's good for another five years as a businessman; then he'll retire. That will make him 25 years old.

In less than a year he already has run his independent recording company and a small business from an idea into a business that's pushing half a million dollars in volume. If it grows at that speed for the next five years, he'll be sitting pretty.

Styne is showing his way into the already overcrowded record field with new idea for children's records. He may be getting the jump on his competitors because he's mathematically closer to being a child than they are, but there is nothing childish about the way he pushed his first album—stories of Fa la, the late President Roosevelt's famed scotchie—the best-seller class with sales of over 100,000.

He followed this with a group of songs about two children, Bobby and Betty, seeing Washington for the first time, his one was based on a story by Mrs. Eleanor Roosevelt.

Then he pulled the record scoop of the year. He signed the Right Rev. Msgr. Fulton J. Sheen to record the Life of Christ. Cardinal Spellman agreed to do an introduction to it. When that's done, Styne plans to record Father Flanagan's famous Boys' Town Choir.

"The big sure money is in the popular fields," Styne says. "I'm leaving that to the older concerns. I'm out to establish a new kind of market, most of it serious. There's a moral connected with everything we do."

Styne doesn't spend all his time, even now, in his business. He goes to music school in his spare time.

"When I'm 25 I hope to turn the business over to some competent people and devote all my time to music. My ambition is to produce and write music for a Broadway show."

Meanwhile, Styne has surrounded himself with young men in his office.

"We have one man who's 28 but I think I'll have to fire him. He's getting too old."

The U. S. postoffice makes widespread use of x-ray machines to detect goods, the mailing of which is forbidden.

The first Red Cross field hospital was set up at the battle of Shiloh during the Civil War on April 7, 1862.

WILL DISCUSS CITY BUDGET

City Commission Expects Interesting Meet Monday

The proposed annual budget, improvement of the recreation building and probably requests for pay increases will be on the docket for discussion at a regular meeting of the city commission Monday evening.

City Manager H. J. Henrikson at the last meeting indicated the budget to be submitted will be approximately \$12,000 higher than last year's estimate which was \$90,528.

Rising material and labor costs are chiefly responsible for the higher figure.

It is expected that city employees will be on hand to request salary increases.

No bids on remodeling of the recreation building at the playground have been received and it is probable the city will engage someone to do the work.

National Guard Company Open To Gladstone Men

Company C, 107th Engineer Combat Battalion, Upper Michigan National Guard unit, which is headquartered in Escanaba, is open for membership to any man residing within reasonable commuting distance from Escanaba.

Men between 18 and 35 and up to 45 if they have previous military service, who desire to join the Delta county company, are invited to attend the regular drill at the State Fairgrounds Armory in Escanaba Wednesday night, beginning at 7:30.

Many ratings are open for these who qualify, and the men are being paid at the rate of one full day's pay for each two-hour drill period. The pay range is from \$2.50 per day for a private to \$6.50 for a master sergeant.

Capt. Roy Johnson, company commander, invites all qualified Gladstone men to join the company. The unit is preparing for summer encampment at Camp Grayling.

Social

Gayle's Party

Mrs. Leo Trudeau entertained Thursday afternoon at her home, 104 North Tenth, upon the occasion of the 2nd birthday anniversary of her daughter, Gayle Marie.

The children played games, after which lunch was served. Gayle received many gifts.

Present were Mrs. Louis Brock and Cynthia, Mrs. Louis Louis and Judy and Gerry, Mrs. Potvin and Judy Lee, Mrs. Clarence Royer and Darleen, Mrs. Wilfred Royer and Beth, Mrs. Art Bergeron, Mrs. Arlene Royer of Escanaba and Mrs. Mary Trudeau and Mrs. Frank Royer, grandmothers of Gayle.

In less than a year he already has run his independent recording company and a small business from an idea into a business that's pushing half a million dollars in volume. If it grows at that speed for the next five years, he'll be sitting pretty.

Styne is showing his way into the already overcrowded record field with new idea for children's records. He may be getting the jump on his competitors because he's mathematically closer to being a child than they are, but there is nothing childish about the way he pushed his first album—stories of Fa la, the late President Roosevelt's famed scotchie—the best-seller class with sales of over 100,000.

He followed this with a group of songs about two children, Bobby and Betty, seeing Washington for the first time, his one was based on a story by Mrs. Eleanor Roosevelt.

111 Cedar StreetENGADINE MAN
IS SENTENCEDIs Given 1-15 Years;
Pleaded Guilty To
Unarmed Robbery

Isadore Houghton, 22, of Engadine, was sentenced to one to 15 years at hard labor following his plea of guilty to a charge of unarmed robbery in a special term of Schooerclerk county circuit court at Sault Ste. Marie Friday afternoon.

Houghton confessed he staged the holdup the night of April 17 in which he pretended to be armed and demanded that Hugh Kennedy turn over his wallet.

Judge Runnels said he had considered all angles and granted that there were mitigating circumstances, but added that the offense was an extremely serious one and that the penalty prescribed for such offenses was plain. He said that he was aware of the fact that the defendant had never been arrested before, that he was a married man and the father of two small children. He said that he was also aware of the fact that the young man was not well and that he might need hospitalization and, perhaps, observation by psychiatrist. He therefore recommended that Houghton be required to serve one year.

The case was presented before the court by County Prosecutor William J. Sheahan. Houghton appeared without counsel.

Houghton was taken to Marquette Saturday noon to begin serving sentence. In court he reiterated what he had said in Justice court a week previous that he would never have gotten into trouble if he hadn't been drinking.

Meeting Thursday
Of Lincoln PTA To
Be Last Of Season

The final meeting of Lincoln Parent-Teachers' association for this term will be held at 8 p.m. Tuesday evening in the school gymnasium.

Brownies and Intermediate Girl Scouts of the Lincoln school will provide the entertainment. The program will consist of dances, songs and dancing games.

Hostesses will be the mothers of Mrs. Benjamin Gero's kindergarten. The committee in charge includes Mesdames J. Hansen, S. Norton, D. Ott, N. Reese, W. Belville, F. Archambault, G. Brock, G. Bosanic, M. Scott and G. Schneider.

Methodist Men To
Sound Interest In
Cub Scouting Here

The Methodist men's organization of the local First Methodist church is sponsoring a meeting at 8 Tuesday evening in the church parlor for parents of boys nine to 11 years old interested in Cubbing. This is the preliminary organization meeting.

Boys will not attend, but are urged to see that their parents attend, if they are interested in being Cub Scouts.

R. L. Thompson, Marquette executive for the Boy Scouts of America, will speak and show a movie on Cub Scouting.

German 4-H Clubs,
PTA's Organized
In American Zone

Frankfurt (P) — Four-H-clubs and Parent-Teacher associations are being organized in the American zone of Germany as part of the "German Youth Activities Program" by which the U. S. Army is trying to win Nazi-reared youngsters to Democracy.

Civics and American History are among the subjects studied by the Parent-Teacher groups, with soldiers volunteering as teachers.

While studying scientific farming methods, at least one 4-H club is also distributing milk to needy Germans from the pedigree cows it handles.

Feller Hurls Three-Hit Ball To Beat Newhouser In 1st '47 Clash

He Won't Admit It, But Cullenbine Making Good As Greenberg Successor

BY FRANK KENESSON

Detroit, April 26 (P)—He still won't admit it's a first baseman, but 32-year-old Roy Cullenbine is satisfying a keenly critical audience as the man made to measure to fill big Hank Greenberg's shoes in the Detroit Tigers' infield.

When Greenberg, Detroit's American league Homer champion, was sold last winter to the Pittsburgh Pirates, his stand-in, Cullenbine, was Hank's logical successor at first base.

Roy, an outfield star with Detroit's 1945 World Champions, had enough infield experience back of him to rate the call as Greenberg's first base "understudy" a year ago and worked 21 games at the bag with adequate polish.

Fills Both Hank Shoes

Now Cullenbine, the rambling misfit who in the last seven years has played three positions for six major league clubs, finds himself Detroit's first string first sacker and the first two weeks of the season would indicate he'll make a go of it.

Covering good ground around the bag, Roy has made just one error—which Pitcher Virgil Trucks, taking the throw, took the blame for—and quickly has taken over Greenberg's mantle as the Tigers' slugging leader.

Five of his first seven hits this season went for extra bases and of the Tigers' 10 home runs so far Cullenbine hit three—all of them clutch hits with the score tied.

Hitting like that from the guy who led the Tigers at bat last year with a mark of .335 indicates that with Cullenbine on deck the first base position isn't exactly one of Manager Steve O'Neill's current worries.

Bleacherites Cheer

"He's doing all right out there,

isn't he?" O'Neill asks with a smile.

Briggs stadium's harsh bleachers, notorious for the jarring chorus of boos they've given Rudy York, Greenberg and Dick Wakefield, answer that with nothing but cheers for Cullenbine.

"I'm an outfielder, not a first baseman," Roy insists. "If I'll help the ball club to have me on first I'll play it though, and give it all I've got."

Cullenbine's worst fault stems from trying too hard and going after ground balls his second baseman should handle.

"I'll get used to it though," he says. "Trying for those grounders is an outfield instinct with me. If they go past you out there there's nobody behind you to take 'em."

GAMES TODAY

American League

Chicago at St. Louis (2)—Lopat (1-1) and Papish (0-0) vs. Muncrief (0-1) and Fannin (0-0).

Washington at New York—Hudson (1-0) vs. Chandler (1-1).
Detroit at Cleveland—Trout (1-1) vs. Wolff (0-0).

Philadelphia at Boston (2)—Coleman (0-1) and McCahan (0-0) vs. Zuber (0-0) and Ferris (1-1).

National League

St. Louis at Chicago—Dickson (0-1) vs. Schmitz (1-1).

Boston at Philadelphia (2)—Wright (1-0) and Johnson (1-0) vs. Rowe (2-0) and Leonard (1-0).

Pittsburgh at Cincinnati (2)—Sewell (2-0) and Ostermuller (1-0) vs. Walters (0-0) and Beggs (0-1).

New York at Brooklyn—Koslo (1-1) vs. Gress (2-0).

At major league clubs the Yankees won 14 games and lost 12 in spring training.

Escanaba Mill River Stable three-year-old, is named for Navy Sec. ready James Forrestal.

Bowling Notes

Nahma, Mich.—Men's Bowling League of Nahma finished the season except for the playoffs which will come next week. Lew Bramer's Scholars cinched the top position by taking two games from the Celtics on Monday night. R. Bramer of the Scholars rolled the week's highest game of 227. On Tuesday night Warner's Billy Goats defeated the Pirates twice to place third in the league along with the Blue Ribbons and Hot Shots. Wednesday night ended the bowling as the Blue Ribbons trimmed the Hot Shots two out of three games.

APRIL SUNBATHER — Miss Joan Davis found the water a bit cold but the sun warm April 20, as she ventures onto the Lake Michigan beach at Manistee, Mich. Miss Davis was one of the first sunbathers to take advantage of the white sand and warm sun in Northern Michigan this season.

TRIBE TRIMS DETROIT, 6-0

Hal bows out after giving 8 hits, 3 runs, 4 walks

Cleveland, April 26 (P)—Registering his second straight shutout with a remarkable three-hit 6 to 0 victory over the Detroit Tigers, the Cleveland Indians' Rapid Robert Feller was an easy winner today over the Tigers' southpaw ace, Hal Newhouser, in their first mound meeting of the 1947 season.

Feller didn't permit a man to reach second base until the eighth inning when Pat Mullin doubled and the only Tiger who reached

third got there after two were out in the ninth.

Hal Didn't Have It

Newhouser simply didn't have what it took to match the Indians' fireballer in their first 1947 collision, yielding three runs and eight hits and walking four men in the seven innings he lasted.

Feller walked five men but fanned seven to Newhouser's two.

Three men got 7 of Cleveland's 10 hits off Newhouser, Ruff Gentry and Johnny Gorsica. Rookie Hal Feck had three straight singles, left fielder Pat Seerey a homer and a double and catcher Jim Hegar a pair of lusty triples.

Seerey's homer put the Indians out front 1-0 in the second inning and Pat's mighty wallop against the upper leftfield screen gave Feller all the lead he needed.

Organization of a community team there is well underway, the boys having already met in the parlors of Joseph C. Deloria's barber shop to accomplish same.

In fact, Jos himself was named manager of the team, and if you were around these parts about 35 years ago you will recall a fast little diamond club by the name of Cosy Garden, which was managed by Joe, the same.

Deloria has been barbecuing for nine onto 30 years now, but his interest in baseball and that of every other citizen of Garden is still very much alive, as evidenced by the organization meeting, which was opened by Joe leading his barber shop quartet in a rendition of "Take Me Out to the Ball Game."

Immediately the talk began to switch around to getting into that "Eddie (Bud) Gibbs league setup," which has to do with a league being formed of teams representing Perkins, Nahma, Little Lake, Rock and Rapid River. And now you can add Garden to that list.

Or at least you can after Joe has his say at the league organization meeting in the Swallow Inn in Rapid River Sunday afternoon.

Joe didn't say whether he would take his double quartet along with him. It might be a

CUFF NOTES: H. Jerome (Jerry) Thompson, former University of Wisconsin football star, is getting up in the world fast... After participating in football, baseball and track as a Badger in 1944 and 1945, the young athlete became athletic director at Menominee high school and only this week he was named head football coach at Upsilon college, East Orange, N. J. ... He will leave Menominee to take up his new duties May 1.

In pitching his second straight win, Johnson limited the Nats to five hits. It was the sixth consecutive game in which a Yankee starter lost the route and the eighth time in their 10 games.

After Washington had forged ahead 1-0 in the top of the third, the Yankees assumed the lead on a walk, George McQuinn's second double, a force play and Keller's double. The Yankee powerhouse outfielder added his third homer in the fifth to end the scoring. Washington .001 000 000—1 5 0 New York .002 010 000x—3 8 1 Haefner, Newsom (3) Masteron (7) and Evans; Johnson and Houk.

A'S RALLY WIN AGAIN

Boston, April 26 (P)—Rallying in the ninth inning for the second day in a row the Philadelphia Athletics today defeated the Boston Red Sox 5-2. The A's came up with four runs in the last frame off starter Tommy Fine and reliever Johnny Murphy. Yesterday they rallied for five runs in the ninth to beat the Sox 11-7.

Red Heads Sparkle In 45-43 Win Over VFW's Before Packed House

The All-American Red Heads lived up to all superlative press notices last night as they added the Escanaba VFWs to their long string of male victims and provided a lot of fun along with it before a crowd of nearly 1,000 fans in the Escanaba junior high school gym. The score was 45-43.

It was not exactly a pink tea for the female visitors—for the Vets kept pitching all the way and worked a 12-5 advantage in the last quarter that almost lowered the ladies' percentage against male opposition.

But the fact remains that a girls' team even a world's championship girls' team—defeated a boys' team, and that is what astounded the howling fans.

State PGA Tourney In Midland July 20

Midland, Mich., April 26 (P)—The 1947 Michigan PGA golf championship, a 36-hole one-day event, has been set up to Sunday, July 20, at the Midland country club.

President Gilbert A. Currie of the Midland club, which has played host to six previous state PGA events, said that the tourney had been moved up from its original Aug. 24 date to permit Chick Harbert, the defending champion, to appear in a title defense.

Currie said approximately 40 of the state's best playing professionals would be in the Midland field, including Sam Byrd, who won in 1944 and 1945, Horton Smith, Al Watrous and Chick Rutan.

VFW And Delta Hardware To Meet

The Veterans of Foreign Wars softball team will meet the Delta Hardware ten in a practice game on the Webster school diamond at 1:30 this afternoon.

Both the Vets and the Deltas are interested in scheduling practice games with other teams in preparation for the city association schedule, which will get underway early next month. Managers are asked to contact B. Doucette or W. Doucette for a game with Deltas or G. LaCrosse or A. Kidd for a Vet tilt.

EDGAR MEETS YAROSZ

Detroit, April 26 (P)—Jimmy Edgar, promising Detroit middleweight who has been beaten only twice—by Jake LaMotta—as a professional, runs into a record equally imposing here Friday when he tangles with Tommy Yarosz of Pittsburgh in the 10-round main event of an Olympia stadium fight card.

BULLET PROOF FIRST

Havre De Grace, Md., April 26 (P)—Mrs. M. E. Whitney's Bullet Proof, a Kentucky Derby eligible, won the \$30,000 added Chesapeake stakes before 20,000 fans today, with Mrs. Barclay Douglas' Secnavy taking second money and Mrs. Ethel DuPont Weir's Royal Governor finishing third in the mile and a sixteenth derby tune-up.

The lasses held a 26-23 margin at the half and pushed ahead to a 40-31 margin going into the final quarter. At that point, the Vets took over and almost stole the ball game.

Employing their much-heralded ball-wheeling system of play, the gals more than held their own. They featured quick two-handed passes with a minimum of dribbling, in sharp contrast to the fast break system used by male teams throughout the country.

As befitting a captain, Danny Daniels topped the Red Heads in scoring with 14 points. Jim Kessler, however, was leading individual scorer with 19 counters.

In the free throw contest, Champion Hazel Walker easily grabbed the honors with a sparkling exhibition of 24 consecutive free throws before she missed her last toss. Maybe she did it so the boys wouldn't feel bad.

Box score:

Red Heads	FG	F	FM	PF
Walker	3	3	0	6
Haines	1	0	0	4

Notre Dame Roars To Spartan Nine

East Lansing, Mich., April 26, (P)—Michigan State cashed in on five extra-base blows today to sweep Notre Dame 7 to 4 for the Spartans' 10th baseball triumph in 12 games this season.

Michigan State got a total of nine safeties off leftfielder Jack Campbell and relief man Walter Mahannah of the Irish but one was a Homer by shortstop Marty Hansen, two others were triples by Harry Hughes and Ed Barbarito and Frank Bagdon and Steve Sieradzki contributed two-baggers. Notre Dame ... 300 000 001—4 2 Michigan State ... 010 033 00x—7 9 3

**Praise Delta Schools
For Sale Of TB Seals**

The Michigan Tuberculosis association has commended Delta county schools for their participation in the 1946 Christmas seal sale in a letter to Hagle Quarstrom, county school commissioner.

"We are pleased to report that every rural school in your county has sent in a seal sale report. Their combined sales increased 23.8 per cent over the previous year," the school commissioner was advised.

A number of awards have been distributed to the rural schools by the Michigan Tuberculosis association, including 262 rulers, 845 pencils, 456 notebooks, 52 pocket combs, 28 toothbrushes, 19 light ball bats, four boxes of 100 tapes, three bottles of antiseptic, 14 softballs, and eight heavy ball bats.

Radio In Review

By John Crosby

Dennis Day In Skirts

The Dennis Day character, a gentle, wide eyed, constantly bewildered character, is for some reason one of the favorite heroes of the day. In various guises and under different names, he is all over the air—The Dennis Day show, Jack Benny, Kenny Baker show, Eddie Bracken show, to name just a few. Sooner or later he was bound to turn up wearing skirts and he has.

The feminine Dennis Day goes under the name of Irma and the name of the show is "My Friend Irma," a brand new program on C. B. S. 10:30 p. m. EST Fridays. Irma is as innocent of any knowledge of society as a fawn and is even more difficult to housebreak. Like Dennis Day, she blurts out anything that enters her head. Even the voice is a strict imitation of that talented young man. Irma also has a good deal of George S. Kaufman's Dulcy in her; that is, she has a genius for getting into jams.

Irma has a friend and roommate Jane, a sharp-witted, astringent, and capable girl who will remind quite a lot of all those sharp-witted, astringent girls in Mr. Kaufman's plays, the ones who stand just to the left of the sofa making bright, bitter remarks. The two girls live in a boardinghouse and, I'm afraid, that will bring up the memory of "My Sister Eileen." The author, Cy Howard, has shopped around shrewdly in a number of dependable places.

Since the small town boardinghouse has been beaten to death in radio, it's nice that Mr. Howard has put his people into a big city boardinghouse. Even since O. Henry's day boardinghouses have been gold mines for authors in search of odd characters. John Steinbeck finds his people on busses; Vicki Baum used to go prowling around hotels but in radio it's safer to stick to boardinghouses. This particular boardinghouse hasn't produced any striking oddities yet but I'm sure it will.

A smart girl and a dumb one make nice foils for each other but just to make sure there will be enough conflict to keep the customers happy, Mr. Howard has also provided a couple of sharply contrasted menfolk for the girls. Jane's dream man is a sort of George Apley Republican banker; Irma's man is a get-rich-quick hustler who likes to get his money the easy way. Naturally, their points of view don't coincide much. When last heard from the hustler was managing a prize-fighter named Tiger McGurk, who suffered incessantly from hunger. The manager made his money by betting against him.

"My Friend Irma" is strictly New York City comedy which gives it a fairly fresh slant to start out with. It's intelligent, plausible, very well acted by Marie Wilson as Irma and Cathy Lewis as Jane, and is very smartly acted and produced. But it doesn't seem as funny as it did when I heard an audition in Hollywood last winter. Still, it's a pleasant half hour and I think these two girls will find an audience.

An expert operator can cancel the stamps on about 7,000 letters an hour by using a modern electric cancelling machine.
